Treadles give belts dual value. J.F.Reid ..... Oct. *106
Twisted bread now produced on automatic line (e) ..... Sept. *143
Unique monorail system doubles bakery production. Robert Latimer ..... July *76
Ball bearing - Unique split ball bearing offers flexible operation (e) ..... Mar. *162
Bananas - Special racks, rotating forks, stream line produce handling ..... June *87
Batch Operations — System perfects batching by remote control (e) ..... Apr. *153

Batteries
Plastic cells of new battery are individually replaced (e) ..... Nov. 133
Quick battery-water refills ..... Jan. *102
They give their batteries "9 lives" - Nabisco's special care of truck and lifter units ..... Jan. *120
Ventilating bench reduces battery charging time ..... Aug. *86
Bearings — Dry bearings offer high wear resistance (e) ..... June 137

Beer
Bottled hot - via "exchanger" H. Benecke ..... June *79
Bottling beer while hot increases its stability (A) ..... Mar. 125
Extending beer's shelf life (A) ..... Feb. 130
Fermentation goes continuous (A) ..... Dec. 85
Foam evaluation (A) ..... Jan. 126
Ion-free beer boosts sales at Goebel Brewing Donald MacDonald ..... Feb. *71
Major breakthrough for aluminum beverage cans ..... Sept. *82
Malt flakes improve beer foam (A) ..... Apr. 129
New light on beer flavor - ASBC-meeting reports on its micro-constituents ..... Nov. *109
New OG formula suggested for top-fermented beers (A) ..... Dec. 85
Pasteurization's role in bottle breakage (A) ..... Jan. 126
Shipping cost cut 50% ..... Nov. *55
Stabilizing beer foam (P) ..... Feb. 126

Belting
Belting's flexible ribs grip cartons on 45-deg. slope (e) ..... Apr. *162
Conveyor belts recover drippings ..... Feb. *106
Getting most from V-belts. D.A. Locke ..... Dec. 72
Sanitary conveyor belts cut maintenance 50% (e) ..... Jan. 160
Stainless belt conveys filled packages around a 180-deg. turn - solves package-transfer problem, F.W.Hale ..... Oct. *105
Treadles give belts dual value. J.F. Reid ..... Oct. *106
Wire belt speeds poultry packing with less labor. J.F.Reid ..... Apr. *103

Beverages
CO_2 producing mixture (P) ..... June 110
Coffee break - in pressure cans ..... July *23
Fruit-flavored non-cola drink ..... Sept. 30
Ginger ale - Canada Dry has launched a Golden Anniversary Celebration ..... Mar. 30
Pop powder tested ..... Feb. 39
Powdered pop called Bev ..... July 76
PVP for beverage clarity ..... June 134
Spoilage curbed by acidity and carbo nation (A) ..... Sept. 127
Bins - High-bin unloading speeded - solids kept free-flowing by injection of "Fluidizing" air ..... Sept. *95

Blanching
Continuous vac-blanching setup improves color, flavor of vegetables (A) ..... July *107
Two-in-one bean blancher. H.W. Tilghman ..... Feb. *102

Boilers
Improved stoker control eliminates process lag ..... June *87
Package steam generator saves valuable space (e) ..... Nov. *139

Bottling
Beer bottled hot - via "exchanger" H. Benecke ..... June *79
Beer - bottling beer while hot increases its stability (A) ..... Mar. 125
Bottle wins "service stripe" ..... Oct. *24
Brewery puts cost-cutting performance into packaging. E.V. Burke ..... Jan. *72
Cellophane bag adds holiday appeal to bottles of wine ..... Jan. *28
Color engineering gives plant big lift. A.V. Gemmill ..... Sept. *91
Decanter bottle for table syrup ..... Mar. *30
"Drip or pour" bottle fitment ..... Jan. *27
Functional color pays off as demonstrated at the Miller Brewing Co. J.V.Ziemba ..... June *41
Spiral bottle design ..... May *28
Stepped-up merchandising by soft-drink bottlers ..... Apr. 77
Versatile bottle uncaser reduces work and breakage ..... Sept. *76
Wine in green glass ..... Nov. *26
Wine packaging features "class" look ..... Mar. *28

Boxes
Cake boxes take first award ..... May *27
Corrugated fruit box withstands months of cold storage (e) ..... May *152
Dump box cuts damage ..... May 93
Folding Paper Box Assn.'s annual carton competition - eight food cartons ..... Apr. *85
Plastic boxes for cream cheese ..... May *27
Quick access thermo-stik box ..... May *68

Bread
Air-blast frees bread from cooling tray. W.J. Holmes ..... Oct. 109
Baked in own wrapper ..... Nov. *24
Buttermilk bread ruling eased by FDA ..... Jan. 71
"Heatable" package for bread ..... Sept. *29
Irish soda bread mix ..... Nov. *25
Makes bread continuously ..... Dec. *63
Oatmeal bread mix ..... Oct. *26
Precise dough scaling. J.A. Abbott ..... Apr. *127
Rye bread in plastic film ..... Dec. *20
Twisted bread now produced on automatic line (e) ..... Sept. *143
Breading — Do breadings cause spoilage of precooked frozen seafood? M.A. Benarde ..... Jan. *113

Brewing
Beer foam improved with malt flakes (A) ..... Apr. 129
Carling goes after important Southeast area with lower freight rates as competitive weapon. Charles Dixon ..... Jan. *65
Defatting improves malt (A) ..... Jan. 126
Functional color pays off as demonstrated at the Miller Brewing Co. J.V.Ziemba ..... June *41
New light on beer flavor - ASBC-meeting reports on its micro-constituents ..... Nov. *109
Brine — Immersion-freezing of poultry. J.D. Mitchell & others (table) ..... June 102

Browning
Chicken and dumplings turn brown ..... Feb. 41
Cooked-potato darkening (A) ..... Oct. 113

Butter
Better butter by Oregon cream treatment G.H.Wilster ..... Feb. *92
Detecting rancidity in butter (A) ..... Feb. 133

C

Cabbage — Desiccant ups shelf life of n-packed dry foods (A) ..... July 107

Canning and Preserving
Apples - dehydrocanned apples are big space savers (A) ..... Nov. 113
Better canned foods with rays and heat (A) ..... Jan. 125
Brewery puts cost-cutting performance into packaging. E.V. Burke ..... Jan. *72
Cakes baked-in-the-can ..... Feb. *30
Can has built-in opener ..... June *26
Canners must make their own breaks in the future (ed) ..... Feb. 45
Chili with beans - flip lid holds spice packet. ..... Jan. *26
Citrus-juice quality upped by removing air, peel oil prior to canning or bottling (e) ..... May *144
Enzymes in fruit pits may corrode lacquered cans (A) ..... Mar. 126
5 new ready-to-eat main dishes ..... Feb. *32
Flip-lid can lets housewife season chili to taste ..... Mar. *82
Libby, McNeill & Libby expands lines ..... Apr. 32
Morgan Packing Co. — sharper scheduling and handling perk up line performance. Morgan & Ziemba ..... Apr. *90
Product switch that eases cost squeeze - Dulany packs tuna on its asparagus line to firm-up cold-season operations. A.V. Gemmill ..... Apr. *97
Sterilizer ups canned-food quality. Leslie Robinson ..... Dec. *60

Capping
Capping dilemma ..... Jan. 40
Plastic caps for milk bottles ..... Nov. *25
Screw-top cap for baby food ..... June *26
Tight-sealing closure - especially designed metal cap ..... Dec. *20
Case history of month, Jan — 69, Feb. — 75, Mar. — 69, Apr. —75, May — 61, June — 56, July — 59, Aug. — 57, Sept. —68, Oct. — 36, Nov. — 59, Dec. — 49 49
Centrifuge — 300-GPM. centrifuge offers double-nozzle discharge (e) ..... Feb. *145

Cereals
Heat-treating includes carton ..... June *83
How lysine ups protein value of cereal foods Feldberg & Hetzel ..... Mar. *110
Path ahead eyed by millers at meeting ..... June 47
Puffed rice cereal produced continuously (P) ..... Sept. *123
Quartet for baby ..... Oct. 26

Cheese
Addition of $CaCl_2$ to milk does not improve cheese (A) ..... July 111
Baker's cheese prepared from powder, water (e) ..... July 126
Cheese spread ..... Jan. *30
Cheese-whey sampler. Cyrus Mattson ..... Feb. 108
Cheesemaking automated. A.V.Gemmill ..... Dec. *65
Cottage cheese - without guessing. Emmons & Price (tables) ..... Mar. *117
Cream cheese - buyer "sees all" with plastic boxes ..... May *27
Device for automatic production of cheese slices (P) ..... Feb. *125
H_2O_2 - catalase method makes better cheese (A) ..... Dec. 85
Homogenization cuts losses in Swiss cheese-making (A) ..... May 123
Pull-tab cheese scores merchandising first ..... Dec. *58
Waxing speeded by spiked dipping rack Assoc. Prof. D.M. Graham ..... Oct. *106
Wrapped - one slice at a time ..... Aug. *20
Yeast improves cheese (P) ..... Mar. 125

Chili
Flip-lid can lets housewife season to taste ..... Mar. *82
"Twist" ups sales 20% ..... June *66
Chinese food - Marketing savvy parlays quality into success. T.C. Taylor ..... May *52

Chocolate
Artificial chocolate flavor (P) ..... Nov. 114
Best temper of chocolate (A) ..... Feb. 133
Cacao bean fermentations (A) ..... Jan. 125
Candy men probe quality control - production conference targets these new materials and methods ..... July *104
Cocoa beans - storing (A) ..... Dec. 89
Cocoa-Marsh dispenser spurs sales ..... Sept. *29
Fat content of cacao nibs reduced by roasting (A) ..... May 119
Instant hot chocolate flavored drink in new package ..... Dec. *22
Preventing fat bloom (A) ..... Nov. 117
Ready-miscible chocolate (P) ..... May 124
Water-soluble chocolate (P) ..... Sept. 128
Dec. 86

Chow Mein - Family portion of frozen Chow Mein packed in aluminum tray ..... Feb. *29

Cleaning
Absorbent keeps floors clean, dry (e) ..... Nov. 142
Built-in can cleaner. Henry Mass ..... Aug. *86
. . . But are you hitting all the vermin spots? A.M. Breiman ..... June *96
Filler downtime slashed 90% at Pasco ..... Dec. *57
Germicidal cleanser (e) ..... Apr. 169
Germicide disinfects, sanitizes and cleans (e) ..... Dec. 108
How management and supplier control cleanup costs. C.B.Deffenbaugh ..... July *94
Pan cleanser is safe on tin, aluminum (e) ..... Sept. 154
Plastic bag saves man-hours on tank cleaning job ..... Apr. 103
Portable rig automates washing of conveyors (e) ..... Mar. *157
Portable rig cuts cost of plant sanitation (e) ..... Aug. *110
Pushbutton tanker washing saves labor time, water (e) ..... Sept. *144
Spray unit automates cleaning of tankers (e) ..... Jan. *152
Topnotch sanitation program cuts cleanup costs at Gerber's. McGowan & Delo ..... Jan. *84
Triple-duty cleaning gun cuts labor costs (e) ..... May *147
Two clean-up helpers. Ray Metzger ..... Sept. *103
Two-surface brush for hard-to-clean areas (e) ..... Aug. *113
Tygon hose. Harold Rapp ..... July 90
Vibration system cleans filter leaves in seconds (e) ..... Mar. *154

Coatings
"Can-release" compounds (P) ..... Jan. 129
Concrete floors protected by easily applied coating (e) ..... July 130
Epon-base floor seal stands heavy traffic (e) ..... June 144
Glass fiber roof coating resists wear, weather (e) ..... Apr. 157
Mineral coating guards low-temp insulation (e) ..... Feb. 154
Plastic-coated cases washed at 960/hr (e) ..... Dec. 102
Plastic film guards stored equipment (e) ..... Sept. 155
Plastic floor coating offers high scuff resistance (e) ..... Aug. 118
Spray-on coating prevents corrosion of equipment (e) ..... June *133

Coatings, Food
Coating food products with non-sticky jell (P) ..... Apr. 137
Coating fresh cut meat with animal fat cuts shrinkage, protects color, texture (P) ..... Apr. 129
Plastic see-through dip wrap for frozen meat cuts ..... Feb. *81
Sausage coating (P) ..... Jan. 125

Coffee
Double-duty label pre-sells and resells, C.R. Havighorst ..... June *62
Instant coffee boasts a natural coffee aroma ..... Jan. 30
Instant coffee for ten free cups in "bonus jar" ..... Dec. *22
Kroger develops instant coffee process ..... Apr. *57
Midget coffee can ..... Oct. *26
Pre-ground coffee in bags ..... Sept. *29
Vac-dried instant coffee ..... Mar. *30
Wet roasting ups flavor, improves aroma (P) ..... Aug. 96

Colors
Color engineering gives plant big lift, A.V. Gemmill ..... Sept. *91
Colorimetric analyzer offers instream control (e) ..... Dec. *97
Meat color preserved (P) ..... Jan. 126
Metal ions identified by chromatography (A) ..... Sept. 124
Starch pre-tinted with approved colors (e) ..... Nov. 142
Technique to measure color of fats ..... Apr. 41
Timely tips on using FD&C colors. S. Zuckerman ..... Aug. *88

Concentration
Florida freeze - concentrators map way out. C.E.Wright ..... Feb. *94
Food flavors from water-soluble concentrates, 8 oz. of new concentrate makes 1 gal. of flavor (e) ..... May 155
Fruit puree - better thermal process guards product quality. Cheal & Havighorst ..... Mar. *89
Improves concentrating 3 ways. Murch & Ziemba ..... Nov. *81
Minute Maid back to concentrates ..... July 61
New process makes better peach concentrates. N. H. Eisenhardt & others ..... Jan. *95
Sterile packing of fruit and vegetable concentrates in drums achieved with new process. C.R. Havighorst ..... Sept. *86
Whither fresh milk concentrates? J.V.Ziemba ..... July *46

Confectionery
Candy-freezing expanding market ..... Jan. *66
Candy men probe quality control - production conference targets these new materials and methods ..... July *104
Fondant mix (P) ..... June 108
Ingenious refrigeration ups output and quality. T. Miller ..... May *108
Miniature caramels ..... Jan. *28

* Illustrated. (A) Abstract. (e) Equipment. (ed) Editorial. (P) Patents.

Construction
Building board, Asbestolux, has many advantages (e) ... Mar. 155
Modern-plus plant - Frito's new Houston facility called model structure ... Mar. *97
Steel rails protect doorways. J.M. Stanley ... Oct. *105

Consumption of Food
And get on "food comes first" bandwagon (ed) ... Mar. 43
But there is no recession in eating! (ed) ... Mar. 43
Food manufacturers should raise their sights (ed) ... July 37
Map for market progress - new Census data give regional trends in food volume as related to population and income ... Sept. *64
Motivate fine eating as sensible thing to do (ed) ... Aug. 27
New product development key to success at General Mills. H.A. Bullis ... Jan. *53
Panel checks food buying ... July 31
Profiling food habits ... Aug. 59
Recession reveals great future for food (ed) ... June 37
Still no recession in eating - report. T.C. Taylor (charts) ... July *41

Containers
Aluminum beverage cans - major breakthrough ... Sept. *82
Aluminum cans - ready to start? T.C. Taylor ... Nov. *66
Aluminum can styles ... Jan. *27
Anti-leak lid for food cartons ... Feb. *29
Can pours or shakes ... Nov. *26
Cartons - brown-and-serve cartons ... June *27
Cartons for tomato juice ... June *28
Cereal cartons sparked by "picture-book" design ... Mar. *28
Cereals in reclosable package ... Dec. *20
Cheese in aluminum cans ... Oct. *25
Cold adhesive gives big boost to no-wrap waxed cartons ... Nov. *64
Corrugated board resists water damage ... Sept. *29
Corrugated container for fresh grapes cuts shipping cost ... Jan. *78
Dairy plant system makes short work of returned paper containers ... July *89
Die-cut tray offers versatility, economy ... Mar. *29
FE packaging report: Getting the most from your shipping cases. J.V. Ziemba ... Aug. *62
5-gal. steel pail package cuts handling time 90% (e) ... Sept. *145
Folding Paper Box Assn.'s annual carton competition - eight food cartons ... Apr. *85
Getting the most from your shipping cases - report. J.V. Ziemba ... Aug. *62
Ice cream container ... Apr. *32
Metering carton adds convenience ... Jan. *80
Midget coffee can ... Oct. *26
Milk - "twinpack" boosts regional milk sales ... Feb. *28
National Assn. of Frozen Food Packers Chicago convention - latest container materials and closing units ... Apr. *78
Olive oil makes its debut in cans ... Feb. *28
Pictorial carton for eggs ... Apr. *31
Plastic-coated cases washed at 960/hr (e) ... Dec. 102
Polyethylene can for maple syrup ... Mar. *29
Pressure cans for toppings ... Mar. *28
Switch to illustrated cartons sets off sales boom. J.V. Ziemba ... Jan. *74
Tight reclosure for key cans ... Dec. *21
Tuna in jumbo can ... Oct. 26
2-section carton packages new mix ... Feb. *29

Continuous processing
Beer fermentation goes continuous (A) ... Dec. 85
Centriflow process ups fat quality, yield (e) ... Sept. *145
Fine fruit-concentrate jelly. J.D. Ponting & others (table) ... May *84
5,250 shrimp an hour. Fornea & Ziemba ... July *80
Improved equipment produces puffed rice cereals continuously (P) ... Sept. *123
Libby units speed processing ... Sept. *89
Makes bread continuously ... Dec. *63
Prepared-food maker keeps pace by "spot mechanizing" H.F. Myers ... Nov. *83
Streamlined layout assures superior cranberry sauces ... May *80

Controls
Air-operated control holds liquid level within 1/4 in. (e) ... Mar. *155
Automated refrigeration cuts temp variations ... Mar. *102
Cake-thickness detector controls filtration cycle (e) ... May *151
Centralized controls pre-solve problems. Minos Asproyerakas ... Dec. *81
Easier mounting, reading mark new temp control (e) ... Feb. *146
Electronic computer automates process control (e) ... Mar. *153
Electronic metal detector - loop design ups sensitivity (e) ... Mar. *158
Improved stoker control eliminates process lag ... June *87
In-line feedback unit controls product thickness (e) ... Oct. *131
Level in hopper control. G. Askenasy ... Mar. *102
Master panel assures quick action on quality. W.E. Carlson ... Dec. *76
Microswitch - effective no-can no-fill control. H.R. Baldwin ... July *85
Package control system ups process efficiency (e) ... Mar. *157
Powered strapping tool offers fingertip control (e) ... June *131
Pressure switches offer versatile control (e) ... Nov. 135
Radioactivity unit gives continuous check of liquid density (e) ... Apr. *155
Ray unit checks container fill at 1,000/min. (e) ... Sept. *144
Recording monitor controls consistency in-stream. P. Payne ... Sept. *111
System perfects batching by remote control (e) ... Apr. *153
TV aids flow control of sugar cane at Hawaiian plantation. Adam Smyser ... Jan. *93
Tell-tale switch on casing warns of open door ... Nov. *87
Unit guards equipment against temp-control failure (e) ... Jan. *151
Unit senses liquid level with radioactive source (e) ... June 131

Conveyors
Better flow from plant to warehouse. Lloyd Phillips ... Sept. *99
Carrier unloading sped by telescoping unit (e) ... June *138
Cases are identified, routed by conveyor-line unit (e) ... Dec. *105
Conveyor-line case sorter simplifies handling (e) ... Jan. *147
Flap and relay lick conveyor feed problem. R.H. Freedman ... May *93
Freezes poultry on dairy-type unit ... Aug. *92
Gravity conveyor rack speeds pallet return ... Nov. *91
Handles fragile items safely for Lipton ... Aug. *91
Portable rig automates washing (e) ... Mar. *157
Stainless belt conveys filled packages around a 180-deg. turn - solves package-transfer problem. F.W. Hale ... Oct. *105
Tank conveyor pays off. W.C. Pulliam Jr. ... Nov. 88
Treadles at each end of conveyor give belts dual value. J.F. Reid ... Oct. *106
Trouble-free can conveyor. Lloyd Phillips ... Oct. *105
Unique conveyor incorporates 3-dimensional runs (e) ... Feb. *147
Unique monorail system doubles bakery production. Robert Latimer ... July *76
Cooking — "Infra-red" processing is really catching on ... Feb. *110

Cooling
Cans cooled in roof unit ... Jan. *109
Cooler insures uniform gassing ... May *93
Radiant cooling boosts quality, volume of product while saving valuable space. C.A. Mills (table) ... June *94

Corn
New cutter ups corn yield and quality. J.V. Ziemba ... Nov. *79
Ready rolled flakes ... Dec. *22

Corrosion
Enzymes in fruit pits may corrode lacquered cans (A) ... Mar. 126
Pipeline corrosion curbed with plastic-lined units (e) ... June *142
Spray-on coating prevents corrosion of equipment (e) ... June *133

Costs
How management and supplier control cleanup costs. C.B. Deffenbaugh ... July *94
How P&G gets low-cost air conditioning. G.A. Kelley (tables) ... July *101
Market and cost trends call for modernization — Plan '59 — report (charts) ... Oct. 54
Crab — Frozen crab cake caution (A) ... Feb. 125
Cranberries — Streamlined layout assures superior sauces ... May *80
Cucumber — Sorbic acid controls yeast in cucumber fermentations (A) ... Mar. 129

Cutter
Foot operated corer cuts vegetable loss ... July *85
Ups corn yield and quality. J.V. Ziemba ... Nov. *79

D

Dairy Equipment
A-C test apparatus and Lundstedt curd meter - cottage cheese without guessing. Emmons & Price (tables) ... Mar. *117
Bacto-strip technique shortcomings cited (A) ... Mar. 129
Churn made in Germany features hydraulic drive (A) ... Jan. 130
Filling line delivers 14,000 qt./hr. (e) ... Oct. 144
Ice cream trucks defrosted in 1 1/2 hr. C.E. Fisher ... Jan. *101
National Dairy's Supplee plant called most modern ... Aug. *40
Plastics in dairy industry (A) ... Nov. 118
Spiked dipping rack speeds cheese making. Assoc. Prof. D.M. Graham ... Oct. *106

Dairy Products
Grow larger to survive - 8 factors decide your future. French & Jarrett (tables) ... Mar. *47
Milk protein solids are versatile product improvers. J.V. Ziemba (tables) ... July *78
National Dairy's Rx - "Gear to changing times!" A.V. Gemmill (charts) ... Aug. *37
Simple color test indicates dairy product spoilage (A) ... Dec. 85
Dates — Cooler insures uniform gassing ... May *93

Defense
QM quick-serve rations — freeze-drying ups quality. Tischer & Brockmann (charts & table) ... Jan. *110
Space feeding challenges food engineers. R.G. Tischer ... Sept. *49
Technologists create foods for air and spacemen. J.V. Ziemba ... Mar. *50
Defrosting — Quick method for defrosting truck body. C.E. Fisher ... Jan. *101

Dehydration
Apples - dehydrocanned apples are big space savers (A) ... Nov. 113
Centrifugal atomizer for spray dryer features easily replaced heads (P) ... May 119
Chart for fast figuring of air-dryer performance. R.R. Haugh ... May 106
Coffee - vac-dried instant coffee ... Mar. *30
Compact shelf dryer gives rapid evaporation (e) ... Jan. *151
Desiccant ups shelf life of n-packed dry foods (A) ... July 107
Freeze-drying ups quality of QM quick-serve rations. Tischer & Brockmann (charts & table) ... Jan. *110
Instant coffee in "bonus jar" ... Dec. *22
Instant line expanded - beef and chicken flavored drinks marketed ... Feb. *30
Instant tea strides (P) ... Sept. *123
Kroger develops instant coffee process ... Apr. *57
Meat-treating agent with silica gel stays potent and free-flowing ... Apr. *114
Milk - instantly soluble milk powder by new process (P) ... Aug. *95
Milk powder's improved dispersibility is object of this new spray dryer (P) ... Nov. *113
Milk protein solids are versatile product improvers. J.V. Ziemba (tables) ... July *78
Non-fat dry milk and instant whipped potatoes from Borden ... Dec. *21
Orange-peel flavor guarded by new process (e) ... Oct. 148
Orangeade, non-bitter (P) ... Oct. 113
Pellets remove oxygen from packaged dehydrated foods (P) ... May 127
Pies - dry ready-to-bake pie (P) ... Nov. 117
Pilot spray dryer enables low-volume production (e) ... Oct. *147
Process extends shelf life of dehydrated foods (P) ... Oct. 114
Rice - multi-pass drying ups yield (chart) ... Aug. 82
Spray-drying ups stability of garlic, onion products (e) ... Mar. 162
Thermal drying of seaweed is possible with drum unit (A) ... Feb. 129
Through-circulation drying suitable for grains, beets (A) ... May 119
3-phase drying improves gelatin ... Mar. *91
Dermatitis curbed by germicidal soap (e) ... Aug. 118

Desserts
Flavored toppings in pressure cans ... Aug. *21
Frozen-dessert standards. R.A. Osborn ... Sept. *117
Pudding mix improved (P) ... Aug. 99

Diet
And get on "food comes first" bandwagon (ed) ... Mar. 43
Tasty dinners - and only 275 calories ... May *27
Technologists create foods for air- and spacemen. J.V. Ziemba (table) ... Mar. *50
Dispenser — Cocoa-Marsh dispenser spurs sales ... Sept. *29
Dissolver — Rock-salt dissolver makes brine at 200 gph (e) ... Aug. *110
Distillation — Vodka from pear wastes. H.Y. Yang ... Jan. *87

Drives
Design innovations offered by screw-conveyor drive (e) ... Apr. *161
Hydraulic churn-drive (A) ... Jan. 130

Drums
Interlocking hoops reduce handling costs (e) ... Apr. *157
Multi-purpose cart eases drum handling, pouring (e) ... Oct. *134
Sterile packing in drums achieved with new process. C.R. Havighorst ... Sept. *86
Dust — Efficient dust snatchers trap starch dust at more than 50 sources. J.V. Ziemba ... Mar. *92

E

Economics — New technique averts site selection hazards. Riches & Forbes ... Apr. *59

Eggs
Applying egg wash to rolls ... May *98
How to detect the quality of eggs when you break them ... Apr. 41
Institute of American Poultry Industries show displays new machines ... Apr. *117
Mechanized handling system boosts man-hour production 50% ... Nov. *76
Rx for more output and better quality at Midwest egg-processing plant. C.B. Hartman ... May *82
Specialization is changing the egg supply picture. Dr. A.W. Jasper ... May 46

Electronics
Checkweigher feeds back process-control data (e) ... Oct. *133
Computer puts sales under control. C.R. Havighorst ... Jan. *62
Electronic "brains" mastermind multi-item package flow. D.C. Gutleben ... Nov. *104
Electronic computer automates process control (e) ... Mar. *153
Electronic unit fills gap in computer line (e) ... Mar. *154
How weekly sales analysis alerts management to trends - data-computer program does it. Wilson & Taylor ... May *56
In-line feedback unit controls product thickness (e) ... Oct. *131
Inspects 1,000 containers/min. for proper fill (e) ... Nov. *133
Microwaves "slow" enzymes (P) ... Sept. 123
Office routines simplified by electronic calculator (e) ... Apr. *155
Punch-card system speeds case handling, cuts costs at Pillsbury's new warehouse ... Feb. *67
Stronger sales control the computer way.

T.W.Snead — Apr. *68

Emulsifiers
Emulsifying skips temp ring. H.H.Favor — Apr. 126
Many applications cited for new emulsifier (e) — Feb. 153
Monoglyceride emulsifier (P) — Apr. 134
Soft-serve ice cream quality upped by new emulsifier (e) — May 155
Versatile polymer seen boosting food quality (e) — Nov. 142

Engineering
Centralized controls pre-solve problems of bakery ovens.Minos Asproyerakas — Dec. *81
Color engineering gives plant big lift. A. V. Gemmill — Sept. *91
Cost squeeze eased by mechanization at Dole's. C.R. Havighorst — Feb. *96
How top-rung pilot plant bridges gap to new products. R. M. Olsen — Nov. *96
"Infra-red" processing is really catching on — Feb. *110
Ingenious refrigeration ups output and quality. T. Miller — May *108
New machine turns out pies 30% faster — June *80
Product switch that eases cost squeeze — Dulany packs tuna on its asparagus line to firm-up cold-season operations. A. V. Gemmill — Apr. *97
Super-cold freezes food super-fast — Feb. *114
Union Sugar engineers big filtering economy. Allen Woods — Apr. *112

Enzymes
Enzymes in fruit pits may corrode lacquered cans (A) — Mar. 126
Microwaves "slow" enzymes (P) — Sept. 123
Papain — cite enzyme effectiveness of purified papain (e) — July 129
Papain inhibitor in soy germ (A) — Aug. 99
Peas — off-flavors in frozen peas traced to added enzymes (A) — June 110

Equipment
Case histories reveal modernization payoff — Plan '59 — report (charts) — Oct. *60
11 new solutions to tough handling problems seen at Handling Show — Dec. *78
Equip for new package materials — Plan '59 — report — Oct. *84
5 ways to pay for it — Plan '59 — report. D. L. Salinger — Oct. *99
Food men damn obsolescence in off-the-record comments — Plan '59 — report — Oct. 58
Food-plant obsolescence is disturbingly high — Plan '59 — report — Oct. *56
Here are the latest machines for up-dating your plant — Plan '59 — report — Oct. *66
Higher depreciation allowances vital to progress (ed) — Oct. 45
How to put your finger on profit-eating machines — Plan '59 — report — Oct. *93
Improved equipment produces puffed rice cereals continuously (P) — Sept. *123
Low-cost copying unit (e) — Apr. *157
National Assn. of Frozen Food Packers Chicago convention — latest container materials and closing units — Apr. *78
New food machines at Chem Show — Feb. *116
Pneumatic stunner for humane slaughter (e) — Nov. *133
17 new units for cost-conscious processors at Canners Show — Mar. *112

Evaporation
Compact shelf dryer gives rapid evaporation (e) — Jan. *151
Falling film evaporator (A) — Apr. 133
High-density evaporator controls solids to ½% (e) — Jan. 151
Milk — sterilizing before filling improves evaporated milk (P) — May 123

Extraction
Chocolate essence from cocoa by a non-thermal process (P) — May 124
Kroger develops instant coffee process — Apr. *57
New type press improves apple juice extraction. N. W. Desrosier and others — Feb. *99

F

Federal Trade Commission — Kill illegal practices for profit's sake (ed) — Apr. 47

Feeders
Device speeds feeding of frankfurter links — Feb. *109
Dual feeder speeds unloading of rail cars (e) — July *123
Power strapper handles variety of carton sizes (e) — July *125
Special manifold fills 5 tanks at once. A. J. Morgan, Jr. — Jan. *101

Fermentation
Beer fermentation goes continuous (A) — Dec. 85
Beer — new OG formula suggested for top-fermented beers (A) — Dec. 85
Cacao bean fermentations (A) — Jan. 125
Sorbic acid controls yeast in cucumber fermentations (A) — Mar. 129
Wine fermentation speeded by addition of nitrogen (A) — Oct. 117
Yeast quality test (A) — July 112

Fillers
Cottage cheese filler (e) — Apr. *158
Dairy filling line delivers 14,000 qt./hr. (e) — Oct. 144
15-min. changeover cited for 250-per-min. filler (e) — June *133
Filler downtime slashed 90% at Pasco — Dec. *57
How to make your packaging line really click. Donald Mead — Apr. *80
Inaccurate can fills of pea beans — Apr. 41
Motorless weigh-filler operates at 20/min. (e) — Oct. *137
Pre-vacuumizing syruper cuts operating costs (e) — Feb. *146
Smooth fill of sticky food — Mar. *79
Special manifold fills 5 tanks at once. A.J. Morgan Jr. — Jan. *101
Vibrating settler speeds bagging of bulky items (e) — Oct. *134

Filtration
Cake-thickness detector controls filtration cycle (e) — May *151
Continuous filtration of vegetable oils (A) — Jan. 126
Polyester filter plates offer many benefits (e) — Sept. *150
Rapid filtration provided by automatic lab unit (e) — Feb. *149
Union Sugar engineers big filtering economy. Allen Woods — Apr. *112

Finance
Employees paid off in silver dollars, three weeks later only 44% had been spent — July 61
5 ways to pay for it — Plan '59 — report. D.L. Salinger — Oct. *99
Grow larger to survive — fewer dairy plants and bigger business. French & Jarrett (tables) — Mar. *47
Plan '59: Modernize now — for growth and profits — Special McGraw-Hill message (chart) — Aug. 31
10-M-potent way to boost profits — Pillsbury drive for $10 million added revenue. J.V. Ziemba — May *41
What top food-firm men earn. J.R. McIntosh (charts & table) — Sept. 53

Fish
Cooling fish fillets (A) — July 108
Do breadings cause spoilage of precooked frozen seafood. M. A. Benarde — Jan. *113
Freezing plant in Bangkok, Thailand installs automatic refrigeration — July *97
Shellfish treated with antibiotics have no greater storage life (A) — July 107
Slow freezing, pressure damage fish fillet cells (A) — Aug. 95
Tuna-furters — Jan. 28
Tuna in jumbo can — Oct. 26

Flavoring
Artificial chocolate flavor (P) — Nov. 114
Dried-orange-peel flavor guarded by new process (e) — Oct. 148
Flavor problems weighed at Chicago meeting of Flavoring Extract Mfrs. Assn. — Sept. *117
Food flavors from water-soluble concentrates (e) — May 155
Off-flavors in frozen peas traced to added enzymes (A) — June 110
Mate — flavoring based on extracts of mate (e) — Aug. 118
1-step mixing cuts time 75% at Henry Ottens flavor-making department. G.C. Robinson — Apr. *94
Pickle flavors give added convenience (e) — Nov. 142
Solid flavoring composition (P) — Jan. 130
Vanilla — new additives to cut flavoring costs (e) — Sept. 153
Vanilla — "pure" vanilla extract. E.N.Heinz, Jr. — Sept. *117
Vanilla — "pure" vanilla extract. D.Jorysch — Sept. 117

Floors
Absorbent keeps floors clean, dry (e) — Nov. 142
Concrete floors protected by easily applied coating (e) — July 130
Ends concrete-floor pitting. A. De Franco — Dec. *81
Epon-base floor seal stands heavy traffic (e) — June 144
Floor-patching agents packaged for easy use (e) — Feb. 154
Plastic floor coating offers high scuff resistance (e) — Aug. 118
Quick-drying floor patch is easily applied, durable (e) — May 156
Repairs problem floors — new poured-in-place material can be applied to wood or concrete, resists acids, alkalis, and heavy trucking — May *113
Slippery floors — Jan. 39
Topping resists chemical corrosion (e) — Mar. 165
Versatile floor machine ups operating efficiency (e) — Apr. *166

Flour
Biscuit flours — specific recovery and water tolerance tests (A) — Jan. 125
"Flexible" bulk system speeds handling. C. R. Labudde — Jan. *91
New product development key to success at General Mills. H. A. Bullis — Jan. *53
Path ahead eyed by millers at meeting — June 47
Pillsbury's code sampling gives "can't-miss" quality control. Keith Scherch — Jan. *116
Rise in flour air-classifying. F.W.Wichser — Apr. 126
Variations in flour minimized by air classification (A) — Sept. 127

Flowmeters
Flow level meter gages "difficult" liquids (e) — June *138
Meters 1½–20 gpm. flow with 0.5% accuracy (e) — Oct. *138

Food and Drug Administration
Buttermilk bread ruling eased — Jan. 71
Timely tips on using FD&C colors. S.Zuckerman — Aug. *88

Food Engineering Reports
Getting the most from your shipping cases. J. V. Ziemba — Aug. *62-68
New handling methods point way to lower distribution costs. C.R.Havighorst — Nov. *50-55
Plan '59 — modernize now for growth and profits (charts & tables) — Oct. *49-103
How modern is American industry? — Oct. 50
Trends call for modernization — Oct. 54
Plant obsolescence is high — Oct. 56
Food men damn obsolescence — Oct. 58
Case histories reveal payoff — Oct. *60
Here are latest machines — Oct. *66
Equip for new packages — Oct. *84
Keeping warehouse costs down — Oct. *86
To move goods faster — Oct. *88
Finger on profit-eaters — Oct. *93
5 ways to pay for it — Oct. *99
Still no recession in eating. T.C.Taylor (charts) — July *41-43
Top executives look at '58 — Jan. *49-52
Foremen — "Supervisor training is No. 1!" A.L. Bechtold — Mar. *54
Forming — Multiple portion forming machine speeds production of meat patties (P) — Mar. *125

Fruit Juices — Apple — new press improves juice extraction. N.W.Desrosier & others — Feb. *99
Citrus fruit — concentrators solving problems posed by Florida freeze. C.E.Wright — Feb. *94
Grape juice concentrate improved 3 ways. Murch & Ziemba — Nov. *81
Orange juice — nonbitter orangeade base (P) — Oct. 113
Process conditions fruits and berries then separates juices from pulp (P) — Oct. *113
Quality upped by removing air, peel oil (e) — May *144
Taste tests of tomato juice (A) — Apr. 129
Tomato juice in cartons — June *28
Union Sugar cuts costs with automatic thick-juice self-sluicing filters. Allen Woods — Apr. *112

Fruit Juices
Apple — new press improves juice extraction. N.W.Desrosier & others
Cost squeeze eased by mechanization at Dole's. C.R.Havighorst — Feb. *96
Fruit stemming machine (P) — Apr. 130
Lemons — company-built unit sizes 3,800 lemons a minute. M.Johnson, Jr. — June *101
Plums — spectrum change in canned plum syrup (A) — Feb. 125
Purees — better thermal process guards product quality at Libby's. Cheal & Havighorst — Mar. *89
Sorting machine (P) — May 120
Sweetening before freezing doesn't help fruit flavor (A) — Nov. 113
Fumigation — Potent fumigator provides low-cost insect control (e) — Mar. *161

Fungicides
Improved disinfectant (A) — Dec. 85
Water-soluble fungistat has many applications (e) — Aug. 117

G

Garlic
Odor removed — Mar. 30
Spray-drying ups stability (e) — Mar. 162

Gas
Cooler insures uniform gassing of dates — May *93
Degassing flowing liquids in 5-gpm ultrasonic unit (e) — May 152

Glass Containers
Glass damage curbed as line ends jar-to-jar contacts at Gerber Products — Dec. *54
Instant coffee in "bonus jar" — Dec. *22
Mustard — new package for improved contents — May *26
Sauerkraut in barrel-shaped jars — Sept. *30
Square glass containers — Apr. *31
Grading — Company-built unit sizes 3,800 lemons a minute. M.Johnson, Jr. — June *101

Grinding
Centrifugal "grinder" minimizes damage to meat (P) — July 108
Package grinding plant cuts costs, space requirements (e) — Dec. *105

H

Heat Exchangers
Beer bottled hot — via "exchanger". H. Benecke — June *79
Ceramic exchanger tubes give rapid heat transfer (e) — June 131

Heaters
Figuring electrical heating of storage tanks (chart) — Apr. 104
I-R saves on space heating. C.H.Foulds — Mar. *121
Packaged water heater solves boiler problem. E.V.Beltran — Dec. 71
Homogenizing — Homogenization cuts losses in Swiss cheese-making (A) — May 123
Honey — Pasteurized continuously — Jan. *97

I

Ice Cream
Emulsifier ups quality of soft-serve ice cream (e) — May 155

They teach human factors — and always have

National Consumer Panel checks food buying — July 31

Glass damage curbed as line ends jar-to-jar

Four individual servings packaged in foil-wrapped carton ... Oct. *25
Frozen-dessert standards. R.A.Osborn ... Sept. *117
Stabilizer ups product quality (e) ... Sept. 154

Infrared
"Infra-red" processing is really catching on .. Feb. *110
I-R saves on space heating. C.H.Foulds ... Mar. *121
Lamps control moisture pickup. T.A.Peszynski ... Sept. *104

Insecticides
BHC retention is high in wheat and cheese(A) Dec. 85
... But are you hitting all the vermin spots? A.M.Breiman ... June *96
FDA-approved insecticide extends crop protection (e) ... Jan. 155
Low-toxicity insecticides (A) ... Mar. 133

Inspection of food
Television X-ray system automates quality control (e) ... Nov. *139
This 3-phase attack routs sanitation hazards. T.L.Huge ... Sept. *51

Instruments
Accurate weighing made with portable balance (e) ... May *145
Caliper ends routine checkweighing of franks.. Feb. *79
Chemical analyzing system automates process control (e) ... July *123
Circuit-breaker line offers many advantages (e) ... Mar. *157
Colorimetric analyzer offers in-stream control (e) ... Dec. *97
Compact radiation unit monitors process heating (e) ... May *143
External level-control unit is readily accessible (e) ... Aug. *109
Fast photomicrographs ... Aug. 86
Flow-level meter gages "difficult" liquids(e) June *138
Gamma-ray unit gages, controls liquid density (e) ... May *144
Inland cashes in with streamlined instrumentation. Syverson & Ziemba ... Aug. *74
Inspects 1,000 containers/min. for proper fill (e) ... Nov. *133
Master panel assures quick action on quality. W.E.Carlson ... Dec. *76
Meters 1½-20 gpm. flow with 0.5% accuracy (e) ... Oct. *138
New food machines at Chem Show ... Feb. *116
Package-legend legibility gaged by unique unit (e) ... June *142
Packagers scrutinize latest units, methods at AMA show in New York ... July *66
Precision color analyzer for lab, plant use (e) July *126
Radioactivity unit gives continuous check of liquid density (e) ... Apr. *155
Recording monitor controls consistency in-stream. P. Payner ... Sept. *111
17 new units for cost-conscious processors at Canners Show ... Mar. *112
Temperature recorder of perishables in transit (e) ... July *125
Temperature recorder operates without ink (e) Aug. *114
Tubeless instrument line for closed-loop control (e) ... Oct. 148
Unit senses liquid level with radioactive source (e) ... June 131
Unit guards equipment against temp-control failure (e) ... Jan. *151

Insulation
Air curtain cuts refrigeration loss. P.G.Quinn .. May *94
Insulating stack on side cuts erecting cost.... Mar. 105
Metal smoke stack insulated before erected, cuts cost ... Mar. 105
Mineral coating guards low-temp insulation(e) Feb. 154
Resistant coil insulation widens open motor use (e) ... Sept. *146
Retort area too hot ... July 32
Vapor-proofs freezer unit with low-cost sheeting which comprises aluminum film laminated between two films of Mylar polyester.. Jan. *119
Insurance — Management makes safety programs click. Bryan & Ziemba ... Jan. *56

Irradiation
Cheaper fructose on way? — Irradiating tubers to get sweetener. Salunkhe & Moser (table) .. May 110
Combined irradiation-heat treatment sterilizes foods (A) ... Oct. 114
Irradiated foods: What will it take to sell them. E.W.Chester ... June *43

J

Jams and Jellies
Continuously processing fine fruit-concentrate jelly. J.D.Ponting & others (table) ... May *84
Gelatin improved by 3-phase drying ... Mar. *91

L

Labeling
Adhesive solves costly labeling problems (e).. June 144
Double-duty label pre-sells and resells S and W coffee. C.R.Havighorst ... June *62
Effective label redesign gives you multi-benefits ... Feb. *84
Foil sparks new family labels ... Nov. *24
Metallized paper designed for can and bottle labels ... Feb. 30
Private labels beckon ... June 60
Private labels climb into key marketing positions. J.V.Ziemba ... July *52
Selling approach: Key to winning shelf space in the chains. C.R.Havighorst (table) ... Mar. *62
Sponge wipers cut labeling troubles.M.E.Hill.. Dec. *72
Tape labels cut inventory cost for winery ... Mar. *81

Labor
Board and calendar solve day-off problem. F.P.Grzyb ... Mar. *101
Broad-gage supervisor-training boosts selling 5 ways. T.C.Taylor ... Sept. *62
But — what type of employee publication — Ole Sage episode. I.C.Miller ... Jan. *59
Can worker attitude studies give you the answers? — Ole Sage episode. I.C.Miller ... Apr. *65
Does it all boil down to automation? Ole Sage episode. I.C.Miller ... Dec. *43
Engineer growth-reading into your management (ed) ... May 39
How can you get sound merit ratings? Ole Sage episode. I.C.Miller ... July *49
How pitch your facts in the plant paper? — Ole Sage episode. I.C.Miller ... Mar. *59
How poll your workers without a misfire? — Ole Sage episode. I.C.Miller ... May *49
How to cut your accidents in half — Chicago candy maker demonstrates safety program. Bryan & Ziemba (chart) ... Sept. *55
Is merit rating worth what it costs? Ole Sage episode. I.C.Miller ... June *48
Is rating of production workers feasible? Ole Sage episode. I.C.Miller ... Sept. *61
Simple twist on 5-step work-saving formula puts your problems to rout. F.A.Busse ... Feb. *49
Stealing calls for strong steps. Harvey Burstein ... Dec. *39
"Supervisor training is No. 1!" A.L.Bechtold ... Mar. *54
Technologists — what's wanted of them, and what they want ... Feb. 58
They teach human factors — and always have a man to "step in" — Canada Dry's management courses ... July *44
What's good copy for the "company mag"? — Ole Sage episode. I.C.Miller ... Feb. *61
Will your workers "buy" merit rating — Ole Sage episode. I.C.Miller ... Aug. *45

Law and Legislation
Additive legislation seen. B.L.Oser ... Sept. 117
Higher depreciation allowance vital to progress (ed) ... Oct. 45
Kill illegal practices for profit's sake (ed)... Apr. 47
Vital tips from court rulings. L.T.Parker ... Nov. *44
Liquids — Degassing flowing liquids in 5-gpm ultrasonic unit (e) ... May 152

Lubrication
Molybdenum as a lubricant (A) ... June 113
Punch cards on machines keep oilers on the job ... May 98
Synthetic chain lubricant offers many advantages (e) ... Nov. 142
Lysine — How lysine ups protein value of cereal foods. Feldberg & Hetzel ... Mar. *110

M

Macaroni — Italian-style frozen macaroni ... Oct. *24

Machines
Automatic packaging machine doubles output with polyethylene film ... Sept. *28
Automatic packer raises bottles into case(e).. Aug. *109
Centrifugal "grinder" minimizes damage to meat (P) ... July 108
Copier breaks data jam. George Heath ... Sept. *59
Equip for new package materials — Plan '59 — report ... Oct. *84
15 new units for better packaging at PMMI Atlantic City show ... May *71
5 brand-new process units ... July *102
Foot operated corer cuts vegetable loss ... July *85
Fruit stemming machine (P) ... Apr. 130
Here are latest machines for updating your plant — Plan '59 — report (charts) ... Oct. *66
How to put your finger on profit-eating machines — Plan '59 — report ... Oct. *93
Institute of American Poultry Industries show displays new machines ... Apr. *117
Libby units speed processing — automatic forming-wrapping machine, kettle charging system save ingredients and labor ... Sept. *89
Moulder-twister-panner enables large-scale production of twisted breads (e) ... Sept. *143
New food machines at Chem Show ... Feb. *116
Packagers scrutinize latest units, methods at AMA show in New York ... July *66
Portable stitching machine aids casing operation ... Apr. 109
Precision classifier excels in 200-400 mesh range (e) ... Dec. *101
Reproduction machine makes enlargements of microfilm records (e) ... Nov. *140
17 new units for cost-conscious processors at Canners Show ... Mar. *112
"Spray-seed" machine cuts baking labor. F.P.Grazyb ... Aug. *85
Unit perforates pickles, cuts curing time (e) .. July *122
Vertical collator speeds gathering of papers (e) ... Sept. *149

Maintenance
Cleaning gun cuts labor costs (e) ... May *147
Controlling starlings ... Nov. 33
Driver reminder. W.J.Holmes ... Feb. *108
Ends concrete-floor pitting. A.De Franco ... Dec. *81
Fastening glass to metal ... Jan. *106
Filler downtime slashed 90% at Pasco ... Dec. *57
Floor patch is easily applied, durable, quick-drying (e) ... May 156
Floor-patching agents packaged for easy use (e) ... Feb. 154
Fool-proof sanitation — 5-point plan. Stanley & Armstrong ... May *43
Hand-sanding simplified with new abrasive(e) Oct. 153
How to make your packaging line really click. Donald Mead ... Apr. *80
Nabisco's special care of truck and lifter units — gives batteries "9 lives" ... Jan. *120
Nail clinching made easy. C.T.Bower ... Mar. *105
"Paperwork" gets a real trimming at Kellogg Co. ... June *72
Punch cards on machines keep oilers on the job ... May 98
Removing broken stud. C.Smith, Jr. ... Apr. *104
Repairs problem floors — new poured-in-place material can be applied to wood or concrete, resists acids, alkalis, and heavy trucking ... May *113
Slippery floors ... Jan. 39
Snow thawed rapidly by non-corrosive compound (e) ... Oct. 150
Special valve construction cuts maintenance costs ... Aug. 92
Teflon solves pumping problems. J.Weaver ... Feb. 106
Tire chain key ring. Raymond Coffelt ... Jan. *105
Tongue cutting tool for floor-boards. C.T.Bower Feb. *101
Two clean-up helpers. Ray Metzger ... Sept. *103
Malt — Defatting improves malt (A) ... Jan. 126

Management
Board and calendar solve day-off problem. F.P.Grzyb ... Mar. *101
Broad-gage supervisor training boosts selling 5 ways. T.C.Taylor ... Sept. *62
But — what type of employee publication? — Ole Sage episode. I.C.Miller ... Jan. *59
Can worker attitude studies give you the answers? — Ole Sage episode. I.C.Miller ... Apr. *65
Does it all boil down to automation? — Ole Sage episode. I.C.Miller ... Dec. *43
Engineer growth-reading into your management (ed) ... May 39
Food manufacturers should raise their sights (ed) ... July 37
Formula for growth at Tasty Baking: "Sell" less to sell more. T.C.Taylor (chart) ... Feb. *64
Grow larger to survive — dairy field specifics spotlight vital factors affecting every branch of the food industry. French & Jarret (tables) ... Mar. *47
Heinz lab sparks progress ... Nov. *41
Hormel's quick marketing course sharpens field selling ... July *56
How argue the case for modernizing? — Ole Sage episode. I.C.Miller ... Nov. *47
How can you get sound merit ratings? — Ole Sage episode. I.C.Miller ... July *49
How pitch your facts in the plant paper? — Ole Sage episode. I.C.Miller ... Mar. *59
How poll your workers without a misfire? — Ole Sage episode. I.C.Miller ... May *49
How to cut your accidents in half — Chicago candy maker demonstrates safety program. Bryan & Ziemba (chart) ... Sept. *55
How to up marketing power discussed at CMA meeting ... Dec. *47
How weekly sales analysis alerts management to trends. Wilson & Taylor ... May *56
Is merit rating worth what it costs? — Ole Sage episode. I.C.Miller ... June *48
Is rating of production workers feasible? — Ole Sage episode. I.C.Miller ... Sept. *61
Low-cost distribution rings bell in booming market — Certified Grocers enterprising retailer-owned co-op builds sales. C.R.Havighorst (charts) ... Aug. *48
Management makes safety programs click. Bryan & Ziemba ... Jan. *56
National Dairy's Rx — "Gear to changing times!" A.V.Gemmill (charts) ... Aug *37
New product development key to success at General Mills. H.A.Bullis ... Jan. *53
New technique averts site selection hazards. Riches & Forbes ... Apr. *59
"Paperwork" gets a real trimming at Kellogg Co. ... June *72
Private labels climb into key marketing positions — Topco Associates demonstrates smart promotion. J.V.Ziemba ... July *52
Research sparks business at GE. R.H.Walters Feb. *52
Selling approach: Key to winning shelf space in the chains. C.R.Havighorst (table) ... Mar. *62
Sharp consumer-contact program "seeds" future business. T.C.Taylor ... Dec. *44
Simple twist on 5-step work-saving formula puts your problem to rout. F.A.Busse ... Feb. *49
Small plant's striking success — Sara Lee rockets premium baked goods operation to $13 million in 6 years ... Feb. *55
Stealing calls for strong steps. Harvey Burnstein ... Dec. *39
"Supervisor training is No. 1!" A.L.Bechtold ... Mar. *54
Take a tip from Heinz — market your progress (ed) ... Nov. 35
Technologists — what's wanted of them, and what they want ... Feb. 58
10-M-potent way to boost profits — Pillsbury taps staff-men's ingenuity in powerful drive for $10 million added revenue. J.V.Ziemba.. May *41

They teach human factors – and always have a man to "step in" – Canada Dry's management courses ... July *44
Top executives look at '58 – report ... Jan. *49-52
Top executives selling modernization short? (ed) ... Dec. 33
What's good copy for the "company mag"? – Ole Sage episode. I. C. Miller ... Feb. *61
What makes Kroger tick. F. K. Lawler ... Apr. *55
What top food-firm men earn. J. R. McIntosh (charts & table) ... Sept. 53
Will your workers "buy" merit rating? Ole Sage episode. I. C. Miller ... Aug. *45
Wins dividends by aiding teachers – GF's unique teacher-fellowship program ... Dec. *42

Marketing and Distribution

Advertised brands holding their own ... July 61
Baby crop "bigger than you thought" ... Dec. 51
Battle of brands intensifies ... June 60
Beer shipping cost cut 50% ... Nov. *55
Benefits key successful selling ... Jan. 71
Bigger bite for non-foods? – GE's scrapping of "fair trade" on small appliances ... Apr. 77
"Blueprinted" teamwork bags profits for Quaker Oats. J. V. Ziemba ... Sept. *65
Bottlers step-up merchandising ... Apr. 77
"Bouillon break" builds profits ... Jan. 71
Brewers streamline sales setups ... Oct. 41
Broad-gage supervisor training boosts selling 5 ways. T. C. Taylor ... Sept. *62
Candy-freezing expanding market ... Jan. *66
Candy makers set sights on Easter ... Mar. 70
Carling goes after important South-east area with lower freight rates as competitive weapon. Charles Dixon ... Jan. *65
Case history of month –
Makes wrong move on lagging specialty ... Jan. 69
Found brand was worth saving ... Feb. 75
Should we cut the price? ... Mar. 69
Price deal pays off ... Apr. 75
Targeting the trouble spot ... May 61
Child's age gives sales clue ... June 56
Pinpoint cause of sudden sales drop ... July 59
Have to look at the whole picture ... Aug. 57
Keeping ahead of competitive deals ... Sept. 68
Tracking down lost customers ... Oct. 36
Are consumer deals worth it? ... Nov. 59
Gaging the time to go national ... Dec. 49
Chains eye precooked field ... Nov. 61
Common market opportunities ... Sept. 70
Controlling warehouse costs ... Sept. 70
Cultivate the non-buyers ... June 60
Deals can do good – sometimes ... Mar. 70
Debate "good faith" price cuts ... Mar. 70
Direct brand promotion is Gerber's strategy in mail program ... June *54
Face-lifting for anonymous meats ... Dec. 51
Fancy foods move closer to big-time ... Oct. 41
Family skeleton gets an airing ... Dec. 51
FE survey spotlights what retailers want from food manufacturers. T. C. Taylor ... June *52
'59 target: lower marketing costs ... Dec. 51
$5 million off the beam? ... Dec. 51
Formula for growth at Tasty Baking: "Sell" less to sell more. T.C.Taylor (chart) ... Feb. *64
Fruit drinks carve out big gains ... Nov. 61
GF expands fancy food line ... Oct. *25
Gadget-mail boosts sales for Green Giant ... Nov. *57
Gives chain buyer profit facts ... Feb. 77
Go south, young man ... Oct. 41
Grocers rate P-O-P material ... Jan. 71
Grow larger to survive – fewer dairy plants and bigger business. French & Jarrett (tables) ... Mar. *47
Hefty ad budgets in '57 ... Oct. 41
Helping hand for food promotions ... July 61
Helping the retailer ... May 63
Hired deliveries expand bulk benefits ... Feb. *121
Hot weather warms up drink drives ... June 60
How to up marketing power discussed at GMA meeting ... Dec. *47
Ion-free beer boosts sales at Goebel's. Donald MacDonald ... Feb. *71
Institutional field beckons ... Feb. 77
Irradiated foods: What will it take to sell them. E. W. Chester ... June *43
Keeping stocks-on-hand targeted ... Nov. 61

Liquid sweeteners ... May 34
Loading, delivery sped by new truck racks(e) ... June *137
Maneuverable fork truck speeds materials handling (e) ... Nov. *135
Mid-speed multipacking for medium-size plant (e) ... Mar. 169
Morgan Packing Co.'s sharper scheduling and handling perk up line performance. Morgan & Ziemba ... Apr. *90
Multi-purpose cart eases drum handling, pouring (e) ... Oct. *134
National Assn. of Frozen Food Packers, Chicago convention – latest closing units ... Apr. *78
Needling aids pickling ... July *79
New handling methods point way to lower distribution costs – report. C.R.Havighorst ... Nov. *50-55
New Process Baking Co. boosts payload – and saves $$$ with multi-unit handling system ... Apr. *72
"Packaged" shortening unit. E.G.Spangler ... Apr. *126
Palletized cases inverted by lift-truck attachment (e) ... July 125
Plastic sleeves up sanitation of flour handling. C.E.Foster ... May *101
Portable aluminum racks up bakery sanitation ... June *88
Portable pneumatic unit speeds material flow (e) ... Dec. *97
Portable unloader eases handling of barrels (e) ... Sept. *149
Punch-card system speeds case handling cuts costs at Pillsbury's new warehouse ... Feb. *67
Sausage-shaped tube for bulk-hauling of milk saves 20% on hauling cost ... Apr. *125
Side-shift attachment ups fork truck's versatility (e) ... May *147
Special racks, rotating forks, streamline produce handling ... June *87
Speedy end-loading caser (e) ... Apr. *155
Spiked dipping rack speeds cheese waxing. Assoc. Prof. D.M.Graham ... Oct. *106
Spiral chute speeds delivery at Tasty Baking. ... Apr. *109
Straddle truck speeds apple handling ... Dec. *71
Switches speed stacking ... Mar. *106
Tank conveyor pays off. W.C.Pulliam Jr. ... Nov. 88
Taping perfects palletizing of uncased bright cans (e) ... Mar. *166
To move your goods faster and cheaper – Plan '59 – report ... Oct. *88
Trailer's pushbutton floor-conveyor system speeds handling of palletized loads (e) ... Feb. *147
Trays – dual purpose plastic tray ... May *93
Truck-mounted tilting frame simplifies handling of large bulk containers (e) ... Sept. *145
Truck with swinging forks speeds materials handling (e) ... Dec. *103
Uncasing problem solved. D.B.Ewen ... Mar. *102
Unique monorail system doubles bakery production. Robert Latimer ... July *76
Unit dumps boxes of green vegetables quickly. Webster McAllen ... Jan. *102
Unit permits use of lower-cost end-opening cases (e) ... Jan. *148
Vacuum handling unit lifts 2,000-lb. load (e) ... Nov. *135
Versatile bottle uncaser reduces work and breakage ... Sept. *76
Vertical collator speeds gathering of papers (e) ... Sept. *149
Vibrating conveyor handles items safely for Lipton ... Aug. *91

Meat

Bacon and ham – new sweetener for cured meats. Karl W. Beck & others ... May *114
Bacon slices precooked in aluminum foil (P) ... Jan. *125
Canned ground meats like unground products (P) ... June 108
Centrifugal "grinder" minimizes damage to meat (P) ... July 108
Coating fresh cut meats with animal fat cuts shrinkage, protects color, texture (P) ... Apr. 129
Curing formulations curb loss of nitrate, ascorbate (e) ... June 144
DeLuxe meat sampler ... Oct. *24
Dip-wrap for frozen meat cuts ... Feb. *81
Enzyme-treated beef – quick tenderizing poses challenge to packers. J.V.Ziemba ... Apr. *120
Frankfurters – caliper ends checkweight routine ... Feb. *79
Ham quality upped with totally soluble phosphate (e) ... Apr. 169
Hamburgers – die-cut "toyburgers" ... Dec. *21
Hash a la Francais ... Nov. *26

* Illustrated. (A) Abstract. (e) Equipment. (ed) Editorial. (P) Patents.

Low-cost raying (P) ... Feb. 134
Meat-treating agent with silica gel stays potent and free-flowing ... Apr. *114
Sausage — better packaging at neat saving ... Feb. *78
Tenderizing process (P) ... Aug. 95
Unique processing method gives frozen meats more appeal ... Aug. *81

Meters
Colorimetric analyzer offers in-stream control (e) ... Dec. *97
Flowmeter line offers snap-in construction (e) ... Apr. *157
pH meter speeds plant, field quality control (e) ... Jan. *149
Refractometer for process control (A) ... June *107
Unit gages heat-transfer, records total Btu's (e) ... Jan. *148
Vapor fractometer makes 3 simultaneous analyses (e) ... Jan. *151

Milk
Addition of $CaCl_2$ to milk does not improve cheese (A) ... July 111
Artificial chocolate flavor (P) ... Nov. 114
Bacto-strip technique shortcomings cited (A) ... Mar. 129
Borden markets non-fat dry milk ... Dec. *21
Cream — preparing cultured cream (P) ... Aug. 95
Cream treatment makes better butter. C. H. Wilster ... Feb. *92
Dry milk powder collector (A) ... Apr. 130
Effect of temperature rise on bulk milk quality (A) ... Mar. 130
Evaporated milk stability helped by 2-stage sterilization (A) ... Mar. 134
Frozen concentrated malted mix ... Apr. *32
Instant non-fat dry milk — revamped product ... Jan. *28
Instantly soluble milk powder by new process (P) ... Aug. *95
Lactic bacteria growth sped by additives (A) ... Apr. 129
Milk protein concentrate (A) ... Feb. 126
Orange-milk drink (P) ... Apr. 134
Powder's improved dispersibility is object of this new spray dryer (P) ... Nov. *113
Protein from milk waste (P) ... Jan. 126
Sausage-shaped tube for bulk-hauling saves 20% on cost ... Apr. *125
Solubilizing milk proteins (P) ... Oct. 117
Tailor-made milk protein solids are varsatile product improvers. J.V.Ziemba (tables) ... July *78
Unit improves high-heat sterilizing. F. Lang ... Jan. *92
Whither fresh milk concentrates? J.V.Ziemba ... July *46

Mixers
Chi square method pinpoints efficiency of dry mixing (A) ... Dec. 86
Continuous reactor mixes, cools, heats (e) ... Oct. *133
1-step mixing cuts time 75% at Henry Ottens. G.C.Robinson ... Apr. *94

Modernization
Brewery puts cost-cutting performance into packaging. E.V.Burke ... Jan. *72
Color engineering gives plant big lift. A. V. Gemmill ... Sept. *91
Dole's cost squeeze eased by mechanization. C.R.Havighorst ... Feb. *96
Heat-treating includes carton ... June *83
Higher depreciation allowances vital to progress (ed) ... Oct. 45
Hormel's modernized materials handling. J.V. Ziemba ... Feb. *88
How argue the case for modernizing? Ole Sage episode. I.C.Miller ... Nov. *47
National Dairy's Supplee plant called most modern ... Aug. *40
Plan '59 — modernize now for growth, profits (ed) ... Sept. 43
Plan '59 — modernize now for growth and profits — report (charts & tables) ... Oct. *49-103
How modern is American industry? ... Oct. 50
Trends call for modernization ... Oct. 54
Plant obsolescence is high ... Oct. 56
Food men damn obsolescence ... Oct. 58
Case histories reveal payoff ... Oct. *60
Here are latest machines ... Oct. *66
Equip for new packages ... Oct. *84
Keeping warehouse costs down ... Oct. *86
To move goods faster ... Oct. *88
Finger on profit-eaters ... Oct. *93
5 ways to pay for it ... Oct. *99
Plan '59: Modernize now — for growth and profits — Special McGraw-Hill message (chart) ... Aug. 31
Rx for more output and better quality at Midwest egg-processing plant. C.B.Hartman ... May *82
Top executives selling modernization short? (ed) ... Dec. 33

Moisture
Chart for fast figuring of air-dryer performance R.R.Haugh ... May 106
Infra-red lamps control moisture pickup. T.A. Peszynski ... Sept. *104
Moisture barrier achieved with film that combines aluminum and Lylar ... Jan. *119
Radiant cooling boosts quality, volume of product while saving valuable space. C. A. Mills (table) ... June *94
Monosodium glutamate — Domestic MSG now made by fermentation process (e) ... Sept. 154

Motors
Induction motor operates at synchronous speed (e) ... Feb. *149
Resistant coil insulation widens open-motor use (e) ... Sept. *146

Mushrooms
Liquid-culture mushrooms good sources of protein (A) ... Apr. 129
"Stemless" mushrooms, Yorktown Morel, can be grown to full size in 72 hrs. ... May *26
Mustard — New package for improved contents ... May *26

N

National Consumer Panel Div. of Market Research Corp. of America — Panel checks food buying ... July 31
Nomographs — These nomographs simplify syrup calculations. Joslyn & Levens (tables) ... Sept. *108
Nozzles — 90-deg. elbow saves installation space (e) ... Sept. *153
Nutrition — How lysine ups protein value of cereal foods. Feldberg & Hetzel ... Mar. *110

O

Obsolescence
Food men damn obsolescence in off-the-record comments — Plan '59 — report ... Oct. 58
Food-plant obsolescence is disturbingly high — Plan '59 — report ... Oct. *56
How modern is American Industry? — Plan '59 — report (tables) ... Oct. 50

Odors
Aeration curbs waste-disposal odors. Ammerman & Desrosier (charts) ... Jan. 115
Garlic sans smell ... Mar. 30

Oils and Fats
All-vegetable frying fat has many advantages (e) ... Jan. 152
Antioxidants for lard (A) ... Jan. 126
Cacao — fat content of cacao nibs reduced by roasting (A) ... May 119
Continuous rendering process ups fat quality, yield (e) ... Sept. *145
Filtration of vegetable oils performed continuously (A) ... Jan. 126
How fats will act in cakes indicated by creaming test (A) ... July 112
Importance of heat in oil stability (A) ... June 107
Improving aerating power of liquid shortenings (A) ... Apr. 133
Olive oil makes its debut in cans ... Feb. *28
Oxygen bomb method speeds fat tests (A) ... June 107
Potato chip frying oils unaffected by use (A) ... Nov. 113
Refined safflower oil suitable for salads (A) ... Apr. 137
Technique to measure color of fats ... Apr. 41

Ole Sage — Ivan C. Miller
But — what type of employee publication? ... Jan. *59
What's good copy for the "company mag"? ... Feb. *61
How pitch your facts in the plant paper? ... Mar. *59
Can worker attitude studies give you the answers? ... Apr. *65
How poll your workers without a misfire? ... May *49
Is merit rating worth what it costs? ... June *48
How can you get sound merit ratings? ... July *49
Will your workers "buy" merit rating? ... Aug. *45
Is rating of production workers feasible? ... Sept. *61
How argue the case for modernizing? ... Nov. *47
Does it all boil down to automation? ... Dec. *43

Onions
Better colored onion flakes from warm-stored bulbs (A) ... Apr. 129
Instant minced onions ... July *23
Spray-drying ups stability (e) ... Mar. 162
Oxygen removed from packaged foods by pellets (P) ... May 127
Oysters — Popular new product from former waste-tasty stew from oyster liquor. Hall & Fornea ... June *74

P

Packaging
Aluminum cans — ready to roll? T.C.Taylor ... Nov. *66
Automatic packaging machine doubles output with polyethylene film ... Sept. *28
Automatic packer raises bottles into case (e) ... Aug. *109
Automatic system packages multi-unit food cartons at 150 per min. (e) ... July *122
Bakery customer "sees all" — transparent plastic container has proven an excellent sales booster ... July *23
Barrel-shaped glass jars adds merchandising appeal to sauerkraut ... Sept. *30
Better packaging — at neat saving is won in switch of bulk sausage from bag to chub that is "roll-stocked" by machine ... Feb. *78
Board resists water damage ... Sept. *29
Boil-bags assured bigger role by new low-cost pouch ... Oct. *30
Bottle wins "service stripe" ... Oct. *24
Brewery puts cost-cutting performance into packaging. E.V.Burke ... Jan. *72
Brown-and-serve cartons ... June *27
Butter packaging machine (A) ... Feb. 129
Buyer "sees all" with plastic boxes ... May *27
Cake boxes take first award ... May *27
Caliper that continuously measures stuffed franks speeds packaging ends checkweight routine ... Feb. *79
Can pours or shakes ... Nov. *26
Cellophane — versatile film for super wrapping ... Apr. *31
Cereal package, label revamped ... Jan. *27
Cheese wrapped — one slice at a time ... Aug. *20
Chili is cardboard-molded in plastic bag — "twist" ups sales 20% ... June *66
Chinese food "Divider-Pak" ... May *54
Chow Mein packed in aluminum trays, yields full portions for four people ... Feb. *29
Coffee break — in pressure cans ... July *23
Cold adhesive gives big boost to no-wrap waxed cartons ... Nov. *64
"Continental-flavor" for frozens ... Jan. *26
Cookie package spurs sales ... Aug. *20
Crimp-sealer uses less aluminum foil (e) ... July *123
Decanter bottle for table syrup ... Mar. *30
DeLuxe meat sampler ... Oct. *24
Die-cut tray offers versatility, economy ... Mar. *29
Dip-wrap for frozen meat cuts ... Feb. *81
Double-duty label pre-sells and re-sells S and W coffee. C.R.Havighorst ... June *62
"Dry-waxed" laminated patty paper ... Apr. 32
Effective label redesign gives you multi-benefits ... Feb. *84
Electronic "brains" mastermind multi-item package flow. D.C.Gutleben ... Nov. *104
Enzyme-treated beef — quick tenderizing poses challenge to packers. J.V.Ziemba ... Apr. *120
Equip for new package materials — Plan '59 — report ... Oct. *84
Eye appeal plus utility — packaging for frozen red meat cuts ... Mar. 32
Family design for all Swanson frozens ... May *26
Family-size pack of fish sticks spur sales ... Dec. *20
Fast-openers up package value ... May *68
FE survey spotlights what retailers want from food manufacturers. T.C.Taylor ... June *52
15 new units for better packaging at PMMI Atlantic City show ... May *71
Film bag boosts walnut series ... July *22
Fish products in film packages expand markets ... Sept. *28
5 basics in choosing boil-bag film. L.N.Berlin ... July *72
Flip-lid can lets housewife season to taste ... Mar. *82
Flip lid holds spice packet ... Jan. *26
Foil and polyethylene bags for potatoes ... Apr. *32
Foil sparks new family labels ... Nov. *24
Foil-wrapped packages sealed at lower cost (e) ... June *129
Folding Paper Box Assn's annual carton competition — eight food cartons ... Apr. *85
Frozen clams switch to foil ... Sept. *28
GF expands fancy food line ... Oct. *25
Getting the most from your shipping cases — report. J.V.Ziemba ... Aug. *62
Heat treatment of cereals include carton ... June *83
"Heatable" package for bread ... Sept. *29
Here are the latest machines for updating your plant — Plan '59 — report ... Oct. *66
High-speed overwrapping with polyethylene makes debut ... June *68
How to make your packaging line really click. Donald Mead ... Apr. *80
Ice cream in foil-wrapped cartons ... Oct. *25
Instant hot chocolate flavored drink in new package ... Dec. *22
Instant minced onions in laminated foil envelope — switch from jar to pouch ... July *23
Instant non-fat dry milk in new package ... Jan. *28
Institute of American Poultry Industries show displays new machines ... Apr. *117
King-size tea bags ... May *28
King sized package designs for line of flavored beverages ... Aug. *20
Krueger beer cans get "new look" ... Apr. *30
Libby unit speeds processing — automatic forming-wrapping machine, kettle charging system save ingredients and labor ... Sept. *89
Lug box cuts shipping costs of fresh fruit ... Jan. *78
Luxury-look package builds market for specialty — fast ... Sept. *74
Major breakthrough for aluminum beverage cans ... Sept. *82
Marshmallow — smooth fill of sticky food assured by machine-packing ... Mar. *79
Materials studies aided by shock recorders (A) ... Mar. 133
Milk — "twinpack" boosts regional milk sales ... Feb. *28
Multi-pack for king sized cans ... Sept. *28
Multi-pack for potato chips ... June *26
Multi-pack units move into high gear ... Mar. *76
Mustard from improved recipes in sparkling new package ... May *26
Nash's Coffee Co. redesigns its institutionals ... July *22
National Assn. of Frozen Food Packers Chicago convention — latest container materials and closing units ... Apr. *78
New packages and products ... Jan. *26
Feb. *28, Mar. *28, Apr. *30, May *26, June *26, July *22, Aug. *20, Sept. *28, Oct. *24, Nov. *24, ... Dec. *20
Package designer looks to the future ... Feb. *28
Packagers scrutinize latest units, methods at AMA show in New York ... July *66
Peanut butter graduated jars add re-use appeal ... Apr. *30
Peanut butter in collapsible metal tube ... Mar. *29
Peeled potatoes in water ... July *23
Photos spark frozen package ... Aug. *21
Pictorial carton for eggs ... Apr. *31
Pictorial overwraps for frozen fish steaks ... Apr. *30
"Picture-book" design sparks new cereal cartons ... Mar. *28
Plastic bags for beer multi-packing ... May *26
Plastic film for rye bread ... Dec. *20
Plastic tray super protection for peaches ... Oct. *24
Poly bags for frozens ... Aug. 22
Polyester laminating film has high packaging potential ... Mar. *29
Polyethylene film ... June *26
Polyethylene tube package for fudge sauce ... Apr. *34

*Illustrated. (A) Abstract. (e) Equipment. (ed) Editorial. (P) Patents.

Popular produce packages – potatoes and apples in overwrapped tray ... Dec. *21
Portable bag closer for limited production (e). Feb. *146
Portable stitching machine aids casing operation ... Apr. 109
Portion control in frozens ... Aug. *22
Portion packet line expanded ... June *27
Potato chip bag contest – three top award winners ... Mar. *26
Potato chip packaging line operates more smoothly since sorter has eliminated manual cutting. T.A.Peszynski ... Nov. *87
Power strapper handles variety of carton sizes (e) ... July *125
Precooked bacon slices in aluminum foil (P) ... Jan. *125
Pre-ground coffee in bags ... Sept. *29
Pull-tab cheese scores merchandising first ... Dec. *58
Pushbutton foods: fad or trend? T.C.Taylor .. May *64
Reclosable prepared cereal carton ... Dec. *20
Sales-focused packages get big play at AMA show ... July *71
Salt firm trims $thousands off packaging – switch to lighter multiwall bag, with stronger closure. Donald MacDonald ... Mar. *78
Sara Lee new package covers – this all-out attack assured best design ... Apr. *86
Self-measuring carton adds convenience ... Jan. *80
Seven new frozen vegetables in Mylar ... Sept. 30
Shortening in drums ... Sept. 30
Stand-out package design flags busy shoppers – Arnold introducing new wrap ... July *64
Sterile packing in drums achieved with new process. C.R.Havighorst ... Sept. *86
"Stickless" icicle in multiple package ... Dec. *22
Switch to pictorial packages sets off sales boom. J.V.Ziemba ... Jan. *74
Syrup in polyethylene can ... Mar. *29
Tape labels cut inventory cost – winery saves on warehouse space with standard carton ... Mar. *81
Taps "away-from-home" sales with squeeze-tube product ... May *76
Tea bags in "flip-top" box ... Jan. *26
Tea box with pour spout ... July *22
Tea – with lemon ... Aug. *22
Tight reclosure for key cans ... Dec. *21
Toaster-Redi foil pouch introduced ... July *22
Turkey sales boosted by quarter-cuts ... Aug. *21
2 new films trigger competition for polyethylene (charts) ... Sept. 78
24-can packer end-loads 50 cases per min. (e) ... Oct. *133
2-section carton packages new mix ... Feb. *29
Ultrasonic welding unit seals foil wraps airtight (e) ... July *121
Unit permits use of lower-cost end-opening cases (e) ... Jan. *148
Unit print-forms, wraps both types of margarine (e) ... Sept. 144
Versatile bottle uncaser reduces work and breakage ... Sept. *76
Vibrating conveyor handles items safely for Lipton ... Aug. *91
Wine in green glass ... Nov. *26
Wine packaging features "class" look ... Mar. *28
Zip-open bags for pork causage ... May *27
"Zip-open" bread wrapper ... Aug. *21
"Zippered" pouch for cocoa ... Apr. *30

Packing
Automatic packer raises bottles into case (e) ... Aug. *109
5-gal. pail package cuts handling time 90% (e) ... Sept. *145
Glass damage curbed as line ends jar-to-jar contacts at Gerber Products ... Dec. *54
Mid-speed multipacking for medium-size plant (e) ... Mar. 169

Paints
Corrosion-resistant paint ups plant sanitation (e) ... Jan. 156
Functional color pays off as demonstrated at the Miller Brewing Co. J.V.Ziemba ... June *41
Spray guns tested for satisfactory operation ... Jan. *102
Pallets – Pallet loader-unloader (P) ... May 120

Paper
Determining porosity of wrapping paper (A) ... Oct. 113
Metallized paper for labels ... Feb. 30
Paper thermometer – Shipments overheated? Paper strips tell. Peppler & Dale ... Aug. *90

Pasteurization
Beer pasteurization's role in bottle breakage (A) ... Jan. 126
Honey pasteurized continuously ... Jan. *97
Peaches – Concentrating process. N.H.Eisenhardt & others ... Jan. *95
Peanut butter – Taps "away-from-home" sales with squeeze-tube product ... May *76
Peas – Off-flavors in frozen peas traced to added enzymes (A) ... June 110
Pears – Vodka from pear wastes. H.Y.Yang ... Jan. *87
Peppers – Black pepper oleoresin in easy-to-use form (e) ... Aug. 117

Pest Control
Aquatic trap catches 100 mice per setting (e) ... Dec. *102
... But are you hitting all the vermin spots? A.M.Breiman ... June *96
Phosphate – Totally soluble phosphate ups quality of hams (e) ... Apr. 169

Pickles
Flavors give added convenience (e) ... Nov. 142
Hollowness in pickles (A) ... Feb. 125
Needling aids pickling ... July *79
Pineapples – Pineapple plus mint equals flavor ... Aug. *20

Pipes
Aluminum duplex pipe for heat sensitive fluids (e) ... May *155
Corrosion curbed with plastic-lined units (e) .. June *142
Elbow jacket covers many fittings (e) ... June *134
Nozzle's 90-deg. elbow saves installation space (e) ... Sept. *153
Self-aligning union offers unique seal-ring design (e) ... Feb. *149
Steel jacket ups strength of resistant PVC pipe (e) ... Apr. *162

Plant Layout
Central refrigeration cuts costs. M.Asproyerakas ... Nov. *99
Continuous rendering process ups fat quality, yield (e) ... Sept. *145
Corn Products' efficient dust snatchers. J.V. Ziemba ... Mar. *92
Corn Products' master panel assures quick action on quality. W.E.Carlson ... Dec. *76
Eight egg processing plants combined into one highly mechanized, centralized operation – boosts man-hour production 50% ... Nov. *76
Electronic "brains" mastermind multi-item package flow. D.C.Gutleban ... Nov. *104
Hormel's modernized materials handling. J.V. Ziemba ... Feb. *88
Libby's sterile concentrated puree production line – better thermal process guards product quality. Cheal & Havighorst ... Mar. *89
Makes bread continuously at Fischer Baking Co. ... Dec. *63
Morgan Packing Co.'s sharper scheduling and handling perk up line performance. Morgan & Ziemba ... Apr. *90
Sterile packing in drums achieved with new process. C.R.Havighorst ... Sept. *86
Streamlined layout assures superior cranberry sauces ... May *80
Ventura Farms Frozen Foods – how to make your packaging line really click. Donald Mead ... Apr. *80
Plant Location – New technique averts site selection hazards. Riches & Forbes ... Apr. *59

Plants
Case histories reveal modernization payoff – Plan '59 – report (charts) ... Oct. *60
Frito's new Houston facility called model structure ... Mar. *97
Movable walls cut relocation costs throughout plant (e) ... May *145

Plastics
Battery cells can be replaced individually (e) ... Nov. 133
"Boilable" plastic film ... Feb. 30
Caps for milk bottles ... Nov. *25
Champagne cork in plastic ... Oct. *25
Dairy industry will increase use of plastics (A) ... Nov. 118
Film bag boosts walnut sales ... July *22
Film guards stored equipment (e) ... Sept. 155
5 basics in choosing boil-bag film. L.M.Berlin ... July *72
Floor coating offers high scuff resistance (e) .. Aug. 118
Milk bottle (A) ... Mar. 130
Pipeline corrosion curbed with plastic-lined units (e) ... June *142
Plastic bag saves man-hours on tank cleaning job ... Apr. 103
Polyester filter plates offer many benefits (e) ... Sept. *150
Polyester laminating film has high packaging potential ... Mar. *29
Polyethylene film ... June *26
Polyethylene – high-speed overwrapping makes debut ... June *68
Polyethylene-laminated boil-bags ... Oct. *30
Polyethylene – Midwest packers launch top-appeal bulk-sausage products at neat saving ... Feb. *78
Polyethylene tank lining now sprayed on (e) .. Aug. 109
Polyethylene – 2 new films trigger competition (charts) ... Sept. 78
PVP for beverage clarity ... June 104
Sales-focused packages get big play at AMA show ... July *71
See-through dip-wrap for frozen meat cuts ... Feb. *81
Teflon solves piston maintenance problems. J.Weaver ... Feb. 106

Potatoes
Cooked-potato darkening (A) ... Oct. 113
Flaked potato products ... May *28
Instant whipped potatoes from Borden ... Dec. *21
Peeled potatoes packed in water ... July *23
"Rayed" potatoes unsuited to chip manufacture (A) ... Mar. 126

Poultry
Chickens – gassing before slaughter speeds bleeding (A) ... Mar. 126
Chicken – luxury-look package builds market for specialty – fast ... Sept. *74
Institute of American Poultry Industries show displays new machines ... Apr. *117
Overhead conveyor freezes poultry – dairy type unit handles 4,000 turkeys a day ... Aug. *92
Poultrymen gage trends, techniques at IAPI's Kansas City fact-finding conference (chart) ... May 46
Strides in immersion-freezing of poultry. J.D. Mitchell & others (table) ... June 102
Turkey – cooked turkey roll ... June 28
Turkey sales boosted by quarter-cuts ... Aug. *21

Powder
Carbonated drink called Bev ... July 26
Pop powder tested ... Feb. 30

Power
Circuit-breaker line offers many advantages (e) ... Mar. *157
Consumption varies ... Feb. 38
Electricity everywhere – walls of plant test kitchen have plastic strip with built-in electrical conductors ... Nov. 92
Presses – New press improves apple juice extraction. N.W.Desrosier & others ... Feb. *99

Production
Food manufacturers should raise their sights (ed) ... July 37
Motivate fine eating as sensible thing to do (ed) ... Aug. 27
10-M-potent way to boost profits – Pillsbury drive for $10 million added revenue. J.V. Ziemba ... May *41
Recession reveals great future for food (ed) ... June 37
Top executives look at '58 – report ... Jan. *49-52

Production Control
Bin-on-scale speeds sugar check. O.C.Goodbrod ... Mar. *94
Caliper ends routine checkweighing of frankfurters ... Feb. *79
Chart for fast figuring of air-dryer performance. R.R.Haugh ... May 106
Device for the automatic production of cheese slices of uniform size and thickness (P) ... Feb. *125
Fool-proof sanitation – 5-point plan. Stanley & Armstrong ... May *43
How top-rung pilot plant bridges gap to new products. R.M.Olsen ... Nov. *96
Pressure-tests and vents 60 aerosol cans per min. (e) ... Oct. *143
Product switch that eases cost squeeze – Dulany packs tuna on its asparagus line to firm-up cold-season operations. A.V.Gemmill ... Apr. *97
Ray unit checks container fill at 1,000/min. (e) ... Sept. *144
10-M-potent way to boost profits – Pillsbury taps staff-men's ingenuity in powerful drive for $10 million added revenue. J.V.Ziemba .. May *41
Proportioning – Ingenious bulk-flow controls up handling efficiency. M.Asproyerakas ... Dec. *76

Proteins
How lysine ups protein value of cereal foods. Feldberg & Hertzel ... Mar. *110
Milk protein concentrate (A) ... Feb. 126
Milk protein solids are versatile product improvers. J.V.Ziemba (tables) ... July *78
Milk waste converted to high protein materials for animal feeds (P) ... Jan. 126
Solubilizing milk proteins (P) ... Oct. 117
Soy proteins boost quality of many foods (e) .. Jan. 155

Puddings
Mix improved (P) ... Aug. 99
Starch-milk puddings popular in Holland (A) ... Sept. 123

Pumps – Rotary pump – efficiency, versatility cited (e) ... Jan. *148
Punch-card – Punch-card system speeds case handling, cuts costs at Pillsbury's new warehouse ... Feb. *67
Public Relations – Wins dividends by aiding teachers – GF's unique fellowship program ... Dec. 42

Q

Quality Control
Bacto-strip technique shortcomings cited (A) .. Mar. 129
Beer foam evaluation (A) ... Jan. 126
Better thermal process guards product quality in new Libby facility. Cheal & Havighorst .. Mar. *89
Beverage spoilage curbed by acidity and carbonation (A) ... Sept. 127
Bin-on-scale speeds sugar check – assures better quality control of berries. O.C.Goodbrod ... Mar. *94
Biscuit flour evaluation (A) ... Jan. 125
Biscuits – Increasing life of biscuits (A) ... Aug. 96
Candy men probe quality control ... July *104
Cheese-whey sampler. Cyrus Mattson ... Feb. 108
Chemical analyzing system automates process control (e) ... July *123
Citrus juices quality upped by removing air, peel oil (e) ... May *144
Clarifying agent for beverage – PVP ... June 104
Coffee – wet roasting ups flavor, improves aroma (P) ... Aug. 96
Cooked-potato darkening (A) ... Oct. 113
Cooler insures uniform gassing of dates ... May *93
Cottage cheese – without guessing. Emmons & Price (tables) ... Mar. *117
Fish fillet cells damaged by slow freezing, pressure (A) ... Aug. 95
Fool-proof sanitation – 5-point plan. Stanley & Armstrong ... May *43
Frozen crab cake caution (A) ... Feb. 125
Frozens' quality protected by flexible refrigeration (e) ... Jan. 160
Heat treatment of cereals includes carton ... June *83
Heinz lab sparks progress – implement: development and quality control with seven research areas and big pilot plant ... Nov. *41
Hollowness in pickles (A) ... Feb. 125
Ice-cream stabilizer ups product quality (e) ... Sept. 154
Improves concentration of grape juice 3 ways. Murch & Ziemba ... Nov. *81
Ion-free beer boosts sales at Goebel Brewing. Donald MacDonald ... Feb. *71
Meat – gives frozen meats more appeal ... Aug. *81
Meat tenderizing process (P) ... Aug. 95
Metal ions identified by chromatography (A) ... Sept. 124
Milk – effect of temperature rise on bulk milk quality (A) ... Mar. 130
New light on beer flavor – ASBC-meeting reports on its micro-constituents ... Nov. *109
New thickener ups quality of canned frozen foods (e) ... Apr. 166
Nomographs simplify syrup calculations.

* Illustrated. (A) Abstract. (e) Equipment. (ed) Editorial. (P) Patents.

Sweeteners

Trailer's pushbutton floor-conveyor system

Packagers scrutinize latest units, methods at

Joslyn & Levens (tables) ... Sept. *108
Pillsbury's code sampling gives "can't-miss" quality control. Keith Scherch ... Jan. *116
Pins down spectrum change in canned plum syrup (A) ... Feb. 125
Potato chip frying oils unaffected by use (A) ... Nov. 113
Preventing fat bloom in chocolate (A) ... Nov. 117
Process conditions fruits and berries then separates juices from pulp (P) ... Oct. *113
Pudding mix improved (P) ... Aug. 99
Rx for more output and better quality at Midwest egg-processing plant. C.B.Hartman ... May *82
Radiant cooling boosts quality, volume of product while saving valuable space. C.A. Mills (table) ... June *94
Recording monitor controls applesauce consistency in-stream. P. Payne ... Sept. *111
Refractometer for process control (A) ... June *107
Rice – multi-pass drying ups yield (chart) ... Aug. 82
Shipments overheated? Paper strips tell. Peppler & Dale ... Aug. *90
Simple color test indicates dairy product spoilage (A) ... Dec. 85
Sorbic acid controls yeast in cucumber fermentations (A) ... Mar. 129
Special Oregon cream treatment makes better butter. G.H.Wilster ... Feb. *92
Spectral analysis to determine rancidity in butter (A) ... Feb. 133
Stabilizing beer foam (P) ... Feb. 126
Sterilizer ups canned-food quality. Leslie Robinson ... Dec. *60
Sweetening before freezing doesn't help fruit flavor (A) ... Nov. 113
Tapioca-base stabilizer and thickener improves product quality, stability (e) ... Dec. 106
Tests indicate quality of precooked frozen foods (A) ... June 113
Topnotch sanitation program cuts clean-up costs at Gerber's. McGowan & Delo ... Jan. 84
Totally soluble phosphate ups ham quality (e) ... Apr. 169
Variations in temperature cut concentrate counts (A) ... June 107
Versatile polymer seen boosting food quality (e) ... Nov. 142
Wine process improved (A) ... Aug. 95

Quick Freezing
Baby frozens tested ... July 26
Candy-freezing expanding market ... Jan. *66
Enzyme-treated beef – quick tenderizing poses challenge to packers. J.V.Ziemba ... Apr. *120
Freeze-drying ups quality of QM quick serve rations. Tischer & Brockman (charts & table) ... Jan. *110
Immersion-freezing of poultry. J.D.Mitchell & others (table) ... June 102
Italian-style frozen macaroni ... Oct. *24
Malted milk at home ... Apr. *32
Meat and poultry products packed in Toaster-Redi foil pouch ... July *22
Meat – unique processing method gives frozen meat more appeal ... Aug. *81
New frozens debut ... May 30
New thickener ups quality of canned frozen foods (e) ... Apr. 166
Plastic see-through dip wrap for frozen meat cuts ... Feb. *81
Poultry freezed on dairy-type unit ... Aug. *92
Starch eliminates "weeping" (e) ... Feb. 154
Super-cold freezes food super-fast ... Feb. *114
Sweetening before freezing doesn't help fruit flavor (A) ... Nov. 113
Vegetables – portion control in frozens ... Aug. *22
Vegetables – seven new frozen prepared vegetables in Mylar ... Sept. 30
What's needed to push frozens? (charts) ... Apr. 71

R

Racks – Compact drum rack offers flexible handling, storage (e) ... Feb. *150

Radiation
Compact radiation unit monitors process heating (e) ... May *143
Low-cost raying of meat (P) ... Feb. 134
Radiant cooling boosts quality, volume of product while saving valuable space. C.A. Mills (table) ... June *94
Radiation-type level controller (e) ... Aug. *109
"Rayed" potatoes unsuited to chip manufacture (A) ... Mar. 126
Radio – Transistors up efficiency of mobile radio unit (e) ... June *134

Railway Cars
Beer shipping cost cut 50% ... Nov. *55
Reefer icing speeded by self-propelled crusher ... Aug. *85

Refrigeration
Air curtain cuts refrigeration loss. P.G.Quinn ... May *94
Asia's newest fish-freezing plant automates refrigeration ... July *97
Automated refrigeration cuts temp variations ... Mar. *102
Central refrigeration cuts costs. M.Asproyerakas ... Nov. *99
Cooling fish fillets (A) ... July 108
Doors cut refrigeration loss for high-volume traffic (e) ... July *122
Fans running in stationary cars can maintain quality of perishable fruits at higher levels (A) ... Feb. 126
Frozens' quality protected by flexible refrigeration (e) ... Jan. 160
Ingenious refrigeration ups output and quality. T. Miller ... May *108
Institute of American Poultry Industries show displays new machines ... Apr. *117
Low-temp passing tunnel curbs refrigeration loss (e) ... Apr. *165
Quick method for defrosting truck body. C.E. Fisher ... Jan. *101
Self-propelled crusher speeds reefer icing ... Aug. *85
2-stage compressor unit cuts refrigeration costs (e) ... Dec. *97

Research
Heinz lab sparks progress – 7 research areas and pilot plant aid development and quality control ... Nov. *41
How research sparks business at GF. R.H. Walters ... Feb. *52
Kroger develops instant coffee process ... Apr. *57
Sharp consumer-contact program "seeds" future business. T.C.Taylor ... Dec. *44
Space feeding challenges food engineers. R.G.Tischer ... Sept. *49
"Stemless" mushroom developed ... May *26
Technologists create foods for air- and spacemen. J.V.Ziemba (table) ... Mar. *50
Tomatoes – less nutrients in "blotchy" than in normal tomatoes (A) ... Nov. 114

Rice
Minute rice cuts preparation time ... Feb. 30
Multi-pass drying ups yield (chart) ... Aug. 82
Quick-cooking rice (P) ... July 107
Rodent trapping shortcuts. R.N.Laberge ... Apr. *103

S

Safety
Efficient dust snatchers taps more than 50 sources, wins top safety. J.V.Ziemba ... Mar. *92
Hints for drivers. W.J.Holmes ... Feb. 109
Hose ring protects hands. Floyd Wise ... Jan. *106
How to cut your accidents in half – Chicago candy maker demonstrates safety program. Bryan & Ziemba (chart) ... Sept. *55
Loading dock flag warners. Henry Maas ... July *86
Management makes safety programs click. Bryan & Ziemba ... Jan. *56
Plant safety ... Mar. 34
Slipping hazard reduced with abrasive tape on drive shafts of milk trucks. W.J.Holmes ... Apr. *106
Traffic hazards cut by two safety measures. Henry Maas ... May *97
Unique danger signal ... Jan. *105
Salad Dressing – Aerated food dressing (P) ... Sept. 128

Salt
Lighter multiwall bag with stronger closure trims $thousands off packaging. Donald MacDonald ... Mar. *78
Substitute for dieters (P) ... May 119

Sampling
Cheese-whey sampler. Cyrus Mattson ... Feb. 108
Pillsbury's code sampling gives "can't-miss" quality control. Keith Scherch ... Jan. *116

Sanitation
Aquatic trap catches 100 mice per setting (e) ... Dec. *102
Bagged raw materials vacuum cleaned before moved into the processing area at Gerber ... July *90
... But are you hitting all the vermin spots? A.M.Breiman ... June *96
Cleaning Tygon hose. Harold Rapp ... July 90
Do breadings cause spoilage of seafood. M.A. Benarde ... Jan. *113
Fool-proof sanitation – 5-point plan. Stanley & Armstrong ... May *43
Germicidal cleanser (e) ... Apr. 169
Germicide disinfects, sanitizes and cleans (e) ... Dec. 108
Here are the latest machines for updating your plant – Plan '59 – report ... Oct. *66
How management and supplier control cleanup costs. C.B.Deffenbaugh ... July *94
Improved disinfectant (A) ... Dec. 85
Plant management's sanitation responsibilities – excerpts from "The AIB sanitation program". S.T.Grey ... Feb. 51
Poly sleeves up sanitation in flour handling. C.E.Foster ... May *101
Portable rig cuts cost of plant sanitation (e) ... Aug. *110
Rodent trapping shortcuts. R.N.Laberge ... Apr. *103
This 3-phase attack routs sanitation hazards. T.L.Huge ... Sept. *51
Topnotch sanitation program cuts cleanup costs at Gerber's. McGowan & Delo ... Jan. *84
When inspector cometh ... Sept. 38
Sauces – Buitoni adds fifth sauce ... July *26

Scales
Accurate recessed scales speed check-weighing (e) ... Apr. *157
Bin-on-scale speeds sugar check. O.C.Goodbrod ... Mar. *94
Checkweighs items up to 32 oz. at 60 per min. (e) ... May *144
Light quickly indicates balanced scale. Cecil Conley ... Mar. 101
Precision scale inspects open, closed packages (e) ... Feb. *150
Weight-printing scale transmits data, remembers the figures (e) ... Mar. *154
Screens – Versatile screen is designed for limited headroom (e) ... June *131

Sealers
Crimp-sealer uses less aluminum foil (e) ... July *123
Process cuts sealing cost of foil-wrapped packages (e) ... June *129
Tight-sealing closure – especially designed metal cap ... Dec. *20
Ultrasonic welding unit seals foil wraps airtight (e) ... July *121

Separation
Precision classifier excels in 200-400 mesh range (e) ... Dec. *101
Sonic sifter makes fine separations (e) ... May *148
Seaweed – Thermal drying is possible with drum unit (A) ... Feb. 129

Shipping
Beer shipping cost cut 50% ... Nov. *55
Cooling fish fillets (A) ... July 108
Corrugated lug box designed for fresh fruit to provide more economical shipping over long-distance hauls ... Jan. *78
Getting the most from your shipping cases – report. J.V.Ziemba ... Aug. *62
How freeze-drying cuts cost of long-distance military transport (charts) ... Jan. 112
Shipments overheated? Paper strips tell. Peppler & Dale ... Aug. *90
To move your goods faster and cheaper – Plan '59 – report ... Oct. *88

Shrimps
5,250 shrimp an hour – mechanized line eliminates manual handling. Fornea & Ziemba ... July *80
Shrimps – super-cold freezes food super-fast ... Feb. *114

Sirups and Molasses
Corn syrup (41Be) can readily be pumped at 60F. (e) ... Oct. 148
Handling fluid sweeteners ... May 34
These nomographs simplify syrup calculations. Joslyn & Levens (tables) ... Sept. *108
Slaughter – Pneumatic stunner for humane slaughter (e) ... Nov. *133
Soap – Germicidal soap curbs skin infections (e) ... Aug. 118
Sorbic acid – Controls yeast in cucumber fermentations (A) ... Mar. 129

Sorting
Fruit-sorting machine (P) ... May 120
Sorter eliminates manual cutting, smooths out potato chip packaging. T.A.Peszynski ... Nov. *87

Soybeans
Papain inhibitor in soy germ (A) ... Aug. 99
Toasted Soy Proteins boost quality of many foods (e) ... Jan. 155

Space Flight
Space feeding challenges food engineers. R.G. Tischer ... Sept. *49
Technologists create foods for air and spacemen. J.V.Ziemba ... Mar. *50
Spices – Pepper oleoresin in easy-to-use form (e) ... Aug. 117

Starch
Corn Products' master panel assures quick action on quality. W.E.Carlson ... Dec. *76
How top-rung pilot plant bridges gap to new products. R.M.Olsen ... Nov. *96
Modified starch prevents frozen-food "weeping" (e) ... Feb. 154
Pre-cooked starches cut processing costs (e) ... Nov. 142
Pre-tinted with approved colors (e) ... Nov. 142
Starch-milk puddings popular in Holland (A) ... Sept. 123

Sterilization
Better thermal process guards product quality in new Libby facility. Cheal & Havighorst ... Mar. *89
Hydrostatic sterilizer cuts operating costs (e) ... Dec. *95
Irridated foods: What will it take to sell them. E.W.Chester ... June *43
Irradiation-heat processing of canned foods (A) ... Jan. 125
Irradiation plus mild heating effectively sterilizes foods (A) ... Oct. 114
Milk – sterilizing before filling improves evaporated milk (P) ... May 123
Sterilizer ups canned-food quality. Leslie Robinson ... Dec. *60
2-stage sterilization helps evaporated milk stability (A) ... Mar. 134
Unit improves high-heat sterilizing of dairy products. F.Lang ... Jan. *92
Vacuum-pressure chamber permits food sterilization by 250F steam or gas (e) ... June *141

Storing
Coca beans (A) ... Dec. 89
Controlling warehouse costs ... Sept. 70
Controls relative humidity of nine storage areas (e) ... Feb. *159
Fool-proof sanitation – 5-point plan. Stanley & Armstrong ... May *43
Fruit stored in new corrugated box for 9 months at 31F and 90% R.H. (e) ... May *152
Keeping warehouse costs down – Plan '59 – report ... Oct. *86
Punch-card system speeds case handling, cuts costs at Pillsbury's new warehouse ... Feb. *67

Strawberries
Bin-on-scale speeds sugar check. O.G.Goodbrod ... Mar. *94
Jelly formula ... May 85

Sugar
Air-conveying cuts operating costs (e) ... Mar. 169
Bin-on-scale speeds sugar check – assures better quality control of berries. O.G.Goodbrod ... Mar. *94
Fructose – cheaper fructose on way? Salunkhe & Moser (table) ... May 110
Handling fluid sweeteners ... May 34
Inland cashes in with streamlined instrumentation. Syverson & Ziemba ... Aug. *74

* Illustrated. (A) Abstract. (e) Equipment. (ed) Editorial. (P) Patents.

Sweeteners
Cyclamate, new sweetener for cured meats. Karl M. Beck & others ... May *114
Handling fluid sweeteners ... May 34

Switches
Micro switch solves door problem. Minos Asproyerakas ... Sept. *100
Miniature mercury switch has many applications (e) ... Nov. *140
Pressure switches offer versatile control (e) ... Nov. 135
Snap-action switches enable faster stacking ... Mar. *106
Tell-tale switch on casing warns of open door ... Nov. *87

T

Tanks
Built-in panel coils cut cost of jacketed tanks (e) ... Oct. *144
Chill tank conveyor pays off. W.C.Pulliam, Jr. ... Nov. 88
Easy-does-it tank covers. Henry Maas ... June *88
Figuring electrical heating of storage tanks (chart) ... Apr. 104
Polyethylene tank lining now sprayed on (e) ... Aug. 109
Single unit controls water level in two tanks ... Feb. *101
Tapioca – Thickener improves product quality, stability (e) ... Dec. 106
Taste-tests – Taste tests of tomato juice (A) ... Apr. 129
Taxation – Higher depreciation allowances vital to progress (ed) ... Oct. 45

Tea
Instant tea strides (P) ... Sept. 123
King-size tea bags ... May *28
New tea blend introduced ... June *27
Pour spout for tea box ... July *22
With lemon ... Aug. *22

Television
Aids flow control at Hawaiian sugar plantation. Adam Smyser ... Jan. *93
Closed-circuit television X-ray system automates quality control (e) ... Nov. *139

Temperature
Logs holding temperature of perishables in transit (e) ... July *125
Recorder operates without ink (e) ... Aug. *114
Shipments overheated? Paper strips tell. Peppler & Dale ... Aug. *90
Variations in temperature cut concentrate counts (A) ... June 107
Tires – Matching made easy ... Mar. 106

Tomatoes
Juice in cartons ... June *28
Less nutrients in "blotchy" than in normal tomatoes (A) ... Nov. 114

Training
Broad-gage supervisor training boosts selling 5 ways. T.C.Taylor ... Sept. *62
Engineer growth-reading into your management (ed) ... May 39
How to cut your accidents in half – Chicago candy maker demonstrates safety program. Bryan & Ziemba (chart) ... Sept. *55
Quick marketing course sharpens field selling at Hormel's ... July *56
"Supervisor training is No. 1!" A.L.Bechtold ... Mar. *54
They teach human factors – and always have a man to "step in" – Canada Dry's new training program ... July *44

Trucks and Trucking
Angle-stacking, side-shifting forks save space, speed handling. Ed. Clark ... July *85
Dual-purpose feature of high-lift fork truck (e) ... Oct. *143
Electric and hand lift-trucks – balanced handling trims costs for spice maker ... May *87
11 new solutions to tough handling problems seen at Handling Show ... Dec. *78
Fork truck simplifies multi-item handling (e) ... Aug. *114
Fork truck's versatility upped by side-shift attachment (e) ... May *147
High-capacity unit ups delivery efficiency (e) ... July *125
Hired deliveries expand bulk benefits ... Feb. *121
Ingenious brake holds hand truck. C.J.Boettger ... Sept. *99
LPG fork-lift trucks ... June 34
Loading dock flag warners. Henry Maas ... July *86
Low-lift truck provides 50% more battery space (e) ... Feb. *149
Maneuverable fork truck speeds materials handling (e) ... Nov. *135
Materials handling is sped by unit's swinging forks (e) ... Dec. *103
Nabisco's special care of truck and lifter units – they give their batteries "9 lives" ... Jan. *120
New styling, power, capacity, safety mark '58 trucks (e) ... Jan. *149
Quick method for defrosting ice cream truck body. C.E.Fisher ... Jan. *101
Removable counterweight doubles truck capacity (e) ... June *133
"Scaled-down" unit economizes multi-stop deliveries (e) ... Nov. *131
Short tractor-cab design offers maximum payload (e) ... June *133
Slipping hazard reduced with abrasive tape on drive shafts. W.J.Holmes ... Apr. *106
Special racks, rotating forks, streamline handling of bananas ... June *87
Straddle truck speeds apple handling ... Dec. *71
Tire matching made easy ... Mar. 106
To move your goods faster and cheaper – Plan '59 – report ... Oct. *88
Trailer doubles capacity of waste-disposal unit (e) ... May *145
Trailer's pushbutton floor-conveyor system speeds handling of palletized loads (e) ... Feb. *147
Two safety measures cut traffic hazards. Henry Maas ... May *97
Unit's rear-engine design speeds deliveries(e) ... Aug. *107
Versatile cab-forward unit offers many advances (e) ... Mar. *155
Vinegar producers save by using common carrier ... Sept. *115

Tubes
Collapsible metal tube for peanut butter ... Mar. *29
Peanut butter in aluminum tube ... May *76
Polyethylene tube package for fudge sauce ... Apr. *34
Stainless tubing meets high sanitary standards (e) ... Feb. 149

U

Ultrasonics
Degassing flowing liquids in 5-gpm ultrasonic unit (e) ... May 152
Technologists create foods for air- and space-men. J.V.Ziemba (table) ... Mar. *50
Ultrasonic welding unit seals foil wraps airtight (e) ... July *121
U. S. Air Force – Technologists create foods for air- and space-men. J.V.Ziemba(table) ... Mar. *50

V

Vacuum
Pre-vacuumizing syruper cuts operating costs (e) ... Feb. *146
Vacuum handling unit lifts 2,000-lb load (e) ... Nov. *135
Valves – Special valve construction cuts maintenance costs ... Aug. 92

Vegetables
Foot operated corer cuts vegetable loss ... July *85
Portion control in frozens ... Aug. *22
Vibrators – Vibrating settler speeds bagging of bulky items (e) ... Oct. *134

Vinegar
How to check discolorization of vinegar ... Apr. 41
They save by using common carrier ... Sept. *115
Vodka – Vodka from pear wastes. H.Y.Yang ... Jan. *87

W

Walls
Movable walls cut relocation costs throughout plant (e) ... May *145
Wall cabinets look fine ... Jan. *109

Washing
Applying egg wash to rolls ... May *98
Double-deck unit washes, cools, dries filled cans (e) ... Nov. *133
Pushbutton tanker washing saves labor, time, water (e) ... Sept. *144

Waste Disposal
Aeration curbs waste-disposal odors. Ammerman & Desrosier (charts) ... Jan. 115
Dairy plant system makes short work of returned paper containers ... July *89
Sludge from separators fed to garbage disposal unit. Henry Maas ... Nov. *87
Trailer doubles capacity of waste-disposal unit (e) ... May *145
Waste Utilization – Vodka from pear wastes. H.Y.Yang ... Jan. *87

Water Treatment
Deionization unit for water purification at Goebel Brewing – ion-free beer boosts sales. Donald MacDonald ... Feb. *71
Water conditioner controls slime, scale, corrosion (e) ... July 129

Weighing
Accurate weighings made with portable balance (e) ... May *145
Automatic checkweigher (e) ... May *144
Caliper ends routine checkweighing of frankfurters ... Feb. *79
Checkweigher feeds back process-control data (e) ... Oct. *133
Motorless weigh-filler operates at 20/min.(e) ... Oct. *137
Precise dough scaling. J.A.Abbott ... Apr. *127
Welding – Ultrasonic welding unit seals foil wrap airtight (e) ... July *121
Whey – Cheese-whey sampler. Cyrus Mattson ... Feb. 108

Wines
Fermentation speeded by addition of Nitrogen (A) ... Oct. 117
Improving wine process (A) ... Aug. 95
Resins make wines faster ... Apr. *98
Tape labels cut inventory cost ... Mar. *81

Work Simplification
Copier breaks data jam. George Heath ... Sept. *59
Simple twist on 5-step work-saving formula puts your problem to rout. F.A.Busse ... Feb. *49

Wrapping
Cellophane – versatile film for 'super' wrapping ... Apr. *31
Determining porosity of wrapping papers (A) ... Oct. 113
5 basics in choosing boil-bag film. L.M.Berlin ... July *72
Foil wrap, low-cost ... Mar. 30
How to make your packaging line really click. Donald Mead ... Apr. *80
Packagers scrutinize latest units, methods at AMA show in New York ... July *66
Pictorial overwraps for frozen fish steaks ... Apr. *30
Red meats wrap has polymer resin coating on cellulose base sheet ... June *27
Sales-focused packages get big play at AMA show ... July *71
"Zip-open" bread wrapper ... Aug. *21

Y

Yeast
Baking strength (A) ... May 124
Determining yeast quality (A) ... July 112
Improves cheese (P) ... Mar. 125

AUTHOR'S INDEX

A

Abbott, John A. – For precise dough scaling ... Apr. *127
Aceto, Nicholas C. & others – Makes better peach concentrates ... Jan. *95
Ammerman, G.R. & N.W.Desrosier – Aeration curbs waste-disposal odors ... Jan. 115
Armstrong, A.E. & J.Stanley – Fool-proof sanitation – 5-point plan ... May *43
Askenasy, C. – Controls level in hopper ... Mar. *102
Asproyerakas, Minos – Bumpers protect ducts ... Nov. *88
Central refrigeration cuts costs ... Nov. *99
Centralized controls pre-solve problems ... Dec. *81
Portable aluminum racks up bakery sanitation ... June *88
Switch solves door problem ... Sept. *100
Atchison, H.E. – Continuous cooking ... July 104

B

Baldwin, H.R. – Effective no-can no-fill control ... July *85
Bechtold, A.L. – "Supervisor training is No.1!" ... Mar. *54
Beck, Karl M. & others – New sweetener for cured meats ... May *114
Beltran, E.V. – Packaged water heater solves boiler problem ... Dec. 71
Benarde, M.A. – Do breadings cause spoilage? ... Jan. *113
Benecke, H. – Beer bottled hot – via "exchanger" ... June *79
Berlin, Lee M. – 5 basics in choosing boil-bag film ... July *72
Bigley, D.H. & others – Improves juice extraction ... Feb. *99
Boettger, Carl J. – Ingenious brake holds hand truck ... Sept. *99
Bower, Clifford T. – Nail clinching made easy ... Mar. *105
Tongue cutting tool for floor-boards ... Feb. *101
Breiman, A.M. – . . . But are you hitting all the vermin spots? ... June *96
Brekke, J.E. & others – Fine fruit-concentrate jelly ... May *84
Brockmann, M.C. & R.G. Tischer – Freeze-drying ups quality of QM quick-serve rations ... Jan. *110
Bryan, B.B. & J.V. Ziemba – How to cut your accidents in half ... Sept. *55
Management makes safety programs click ... Jan. *56
Bullis, H.A. – New product development key to success at General Mills ... Jan. *53
Burke, E.V. – Puts cost-cutting performance into packaging ... Jan. *72
Burns, E.E. – Improves juice extraction ... Feb. *99
Burnstein, Harvey – Stealing calls for strong steps ... Dec. *39
Busse, Frank A. – Simple twist on 5-step work-saving formula puts your problems to rout ... Feb. *49

C

Carlson, W.E. – Their master panel assures quick action on quality ... Dec. *76
Cheal, W.C. & C.R. Havighorst – Better thermal process guards product quality ... Mar. *89
Chester, E.W. – Irradiated foods: What will it take to sell them? ... June *43
Claffey, Joseph B. & others – Makes better peach concentrates ... Jan. *95
Clark, Ed. – Angle-stacking, side-shifting forks save space, speed handling ... July *85
Coffelt, Raymond – Tire chain key ring ... Jan. *105
Conley, Cecil – Light quickly indicates balanced scale ... Mar. 101

D

Dale, R.F. & H.J. Peppler – Shipments overheated? Paper strips tell ... Aug. *90
De Franco, A. – Ends concrete-floor pitting ... Dec. *81
Deffenbaugh, C.B. – How management and supplier control cleanup costs ... July *94
Delo, Hal & Pat McGowan – Topnotch sanitation cuts cleanup costs ... Jan. *84
Desrosier, N.W. & G.R. Ammerman – Aeration curbs waste-disposal odors ... Jan. 115
Desrosier, N.W. & others – Improves juice extraction ... Feb. *99
Dixon, Charles – New plant taps new market ... Jan. *65
Dodge, J.W. – Strides in immersion-freezing of poultry ... June 102

* Illustrated. (A) Abstract. (e) Equipment. (ed) Editorial. (P) Patents.

Duck, W.M. – New tempering tester ... July *104

E

Eisenhardt, Nelson H. & others – Makes better peach concentrates ... Jan. *95
Emmons, D.B. & W.V. Price – Cottage cheese – without guessing ... Mar. *117
Ewen, David B. – Solves uncasing problem ... Mar. *102

F

Farnham, M.G. – Enzyme-released flavors ... July 104
Favor, Henry H. – Emulsifying skips tempering.. Apr. 126
Feldberg, C. & C.P. Hetzel – How lysine ups value of cereal foods ... Mar. *110
Fisher, Charles E. – Quick method for defrosting truck body ... Jan. *101
Forbes, J.H. & L.V. Riches – New technique averts site selection hazards ... Apr. *59
Fornea, Wayne & Leon Hall – Popular new product from former waste ... June *74
Fornea, Wayne & John V. Ziemba – 5,250 shrimp an hour ... July *80
Foster, Charles E. – Poly sleeves up sanitation May *101
Foulds, C.H. – I-R saves on space heating ... Mar. *121
Freedman, R.H. – Flap and relay lick conveyor feed problem ... May *93
French, C.E. & W.A. Jarrett – Grow larger to survive ... Mar. *47

G

Gemmill, Arthur V. – Cheesemaking automated .. Dec. *65
Color engineering gives plant big lift ... Sept. *91
National Dairy's Rx – "Gear to changing times!" ... Aug. *37
Product switch that eases cost squeeze ... Apr. *97
Goodbrod, Oliver C. – Bin-on-scale speeds sugar check ... Mar. *94
Graham, D.M., Assoc. Prof. – Spiked dipping rack speeds cheese waxing ... Oct. *106
Grey, Shelbey T. – The AIB sanitation program – excerpts ... Feb. 51
Grzyb, Frank P. – Board and calendar solve day-off problem ... Mar. *101
Poppy seed sprayer cuts baking labor ... Aug. *85
Gutleben, D.C. – Electronic "brains" mastermind multi-item package flow ... Nov. *104

H

Hale, F.W. – This 180-deg. stainless conveyor solves package-transfer problem ... Oct. *105
Hall, Leon & Wayne Fornea – Popular new product from former waste ... June *74
Hartman, Cycil B. – Rx for more output and better quality ... May *82
Haugh, Raymond R. – Here's chart for fast figuring of air-dryer performance ... May 106
Havighorst, C.R. – Computer puts sales under control ... Jan. *62
Cost squeeze eased by mechanization ... Feb. *96
Double-duty label pre-sells and resells ... June *62
Low-cost distribution rings bell in booming market ... Aug. *48
New handling methods point way to lower distribution costs ... Nov. *50
Selling approach: Key to winning shelf space in the chains ... Mar. *62
Sterile picking in drums achieved with new process ... Sept. *86
Havighorst, C.R. & W.C. Cheal – Better thermal process guards product quality ... Mar. *89
Heath, George – Copier breaks data jam ... Sept. *59
Heinz, E.N. Jr. – "Pure" vanilla extract ... Sept. *117
Heitz, G.A. – Tray packing of birds ... May 47
Hetzel, C.P. & C. Feldberg – How lysine ups protein value of cereal foods ... Mar. *110
Hill, M.E. – Sponge wipers cut labeling troubles Dec. *72
Holmes, W.J. – Air-blast frees bread from cooling tray ... Oct. 109
Driver reminder ... Feb. *108
Safety hints for drivers ... Feb. 109
Slipping hazard reduced with abrasive tape ... Apr. *106
Huge, T.L. – This 3-phase attack routs sanitation hazards ... Sept. *51

J

Jarrett, W.A. & C.E. French – Grow larger to survive ... Mar. *47
Jasper, Dr. A. William – Specialization is changing the egg supply picture ... May 46
Johnson, M., Jr. – Sizes 3,800 lemons a minute June *101
Jones, Robert L. & others – New sweetener ... May *114
Jorysch, D. – "Pure" vanilla extract ... Sept. 117
Joslyn, M.A. & A.S. Levens – These nomographs simplify syrup calculations ... Sept. *108

K

Kelley, G.A. – How P&G gets low-cost air conditioning ... July *101
Knightly, W.H. – Surface-active agents ... July 104

L

Laberge, Ronald N. – Shortcuts to better rodent trapping ... Apr. *103
Labudde, C.R. – "Flexible" bulk system speeds handling ... Jan. *91
Lang, F. – Unit improves high-heat sterilizing .. Jan. *92
Latimer, Robert – Unique monorail system doubles bakery production ... July *76
Lawler, Frank K. – What makes Kroger tick ... Apr. *55
Levens, A.S. & M.A. Joslyn – These nomographs simplify syrup calculations ... Sept. *108
Locke, D.A. – Getting most from V-belts ... Dec. 72

M

Maas, Henry – Built-in can cleaner ... Aug. *86
Double duty fan ... Sept. *100
Easy-does-it tank covers ... June *88
Easy waste disposal ... Nov. *87
Loading dock flag warners ... July *86
Two safety measures cut traffic hazards ... May *97
MacDonald, Donald – Ion-free beer boosts sales Feb. *71
Trims $thousands off packaging ... Mar. *78
Marion, W.W. – Strides in immersion-freezing of poultry ... June 102
Mattson, Cyrus – Cheese-whey sampler ... Feb. 108
Max, K.W. – Paperboard odors ... July 104
McAllen, Webster – Unit dumps boxes of green vegetables quickly ... Jan. *102
McGowan, Pat & Hal Delo – Topnotch sanitation program cuts cleanup costs ... Jan. *84
McIntosh, John R. – Whattop food-firm men earn Sept. 53
Mead, Donald – How to make your packaging line really click ... Apr. *80
Metzger, Ray – Two clean-up helpers ... Sept. *103
Miller, Ivan C. – Ole Sage episode ... Jan. *59
Feb. *61, Mar. *59, Apr. *65, May *49, June *48, July *49, Aug. *45, Sept. *61, Nov. *47, ... Dec. *43
Miller, T. – Ingenious refrigeration ups output and quality ... May *108
Mills, C.A. – Radiant cooling boosts quality, volume of product while saving valuable space ... June *94
Mitchell, J.D. & others – Strides in immersion-freezing of poultry ... June 102
Morgan, A.J., Jr. – Fills 5 tanks at once with special manifold ... Jan. *101
Morgan, I.H. "Jack" & J.V. Ziemba – Sharper scheduling and handling perk-up line performance ... Apr. *90
Moser, F.Y. & D.K. Salunkhe – Cheaper fructose on way? ... May 110
Mueller, J.H. – Chain-store needs call for very careful attention from producers and suppliers ... May 46
Murch, A.F. & J.V. Ziemba – Improves concentrating 3 ways ... Nov. *81
Murphy, L.W. & others – New sweetener for cured meats ... May *114
Myers, Harold F. – Keeps pace by "spot mechanizing" ... Nov. *83

O

Olsen, R.M. – How top-rung pilot plant bridges gap to new products ... Nov. *96
Osborn, R.A. – Frozen-dessert standards ... Sept. *117
Oser, B. L. – Additive legislation seen ... Sept. 117

P

Parker, Leo. T. – Vital tips from court ruling ... Nov. *44
Payne, P. – Controls consistency in-stream ... Sept. *111
Peppler, H.J. & R.F. Dale – Shipments overheated? Paper strips tell ... Aug. *90
Peszynski, Theodore A. – Controls moisture pickup ... Sept. *104
This sorter eliminates manual cutting, smooths out potato chip packaging ... Nov. *87
Phillips, Lloyd – Better flow from plant to warehouse ... Sept. *99
Trouble-free can conveyor ... Oct. *105
Ponting, J.D. & others – Fine fruit-concentrate jelly ... May *84
Porter, W.L. & others – Improves juice extraction ... Feb. *99
Price, W.V. & D.B. Emmons – Cottage cheese – without guessing ... Mar. *117
Pulliam, W.C., Jr. – Tank conveyor pays off ... Nov. 88

Q

Quinn, Patrick G. – Air curtain cuts refrigeration loss ... May *94

R

Rapp, Harold – Cleaning Tygon hose ... July 90
Redfield, Clifford S. – Makes better peach concentrates ... Jan. *95
Reid, J.F. – Treadles give belts dual value ... Oct. *106
Wire belts speed poultry packing with less labor ... Apr. *103
Riches, L.V. & J.H. Forbes – New technique averts site selection hazards ... Apr. *59
Robinson, George C. – 1-step mixing cuts time 75% ... Apr. *94
Robinson, Leslie – Sterilizer ups canned-food quality ... Dec. *60

S

Salinger, David L. – 5 ways to pay for it ... Oct. *99
Salunkhe, D.K. & F.Y. Moser – Cheaper fructose on way? ... May 110
Sanshuck, D.W. & others – Fine fruit-concentrate jelly ... May *84
Scherch, Keith – Pillsbury's code sampling gives "can't-miss" quality control ... Jan. *116
Shaver, C. – Proper icing of poultry ... May 47
Smith, Charles, Jr. – Removing broken stud ... Apr. *104
Smyser, Adam – TV aids flow control ... Jan. *93
Snead, Thornton W. – Stronger sales control the computer way ... Apr. *68
Spangler, Earl G. – "Packaged" shortening unit Apr. *126
Stadelman, W.J. – Strides in immersion-freezing of poultry ... June 102
Stanley, J. & A.E. Armstrong – Fool-proof sanitation – 5-point plan ... May *43
Stanley, John M. – Steel rails protect doorways. Oct. *105
Stiles, LeConie, Jr. – "Quality first" ... Apr. 127
Syverson, Gene & J.V. Ziemba – Inland cashes in with streamlined instrumentation ... Aug. *74

T

Taylor, Thayer C. – Aluminum cans – ready to roll? ... Nov. *66
Broad-gage supervisor training boosts selling 5 ways ... Sept. *62
Formula for growth: "Sell" less to sell more.. Feb. *64
Marketing savvy parlays quality into success May *52
Pushbutton foods: fad or trend? ... May *64
Sharp consumer-contact program "seeds" future business ... Dec. *44
Still no recession in eating ... July *41
What retailers want from food manufacturers ... June *52
Taylor, T.C. & E.W. Wilson – How weekly sales analysis alerts management to trends ... May *56
Tilghman, H.W. – Two-in-one bean blancher ... Feb. *102
Tischer, Robert G. – Space feeding challenges food engineers ... Sept. *49
Tischer, R.G. & M.C. Brockmann – Freeze-drying ups quality of QM quick-serve rations ... Jan. *110

W

Walters, Roy H. – How research sparks business ... Feb. *52
Weaver, J. – Solves pumping problem ... Feb. 106
Wichser, Frank W. – Rise in flour-air-classifying ... Apr. 126
Wilson, E.W. & T.C. Taylor – How weekly sales analysis alerts management to trends ... May *56
Wilster, G.H. – Makes better butter ... Feb. *92
Wise, Floyd – Hose ring protects hands ... Jan. *106
Woods, Allen – Engineers big filtering economy Apr. *112
Wright, C.E. – Florida freeze: concentrators map way out ... Feb. *94

Y

Yang, H.Y. – Vodka from pear wastes ... Jan. *87

Z

Ziemba, John V. – "Blueprinted" teamwork bags profits ... Sept. *65
Efficient dust snatchers ... Mar. *92
Functional color pays off ... June *41
Getting the most from your shipping cases ... Aug. *62
Modernized materials handling ... Feb. *88
New cutter ups corn yield and quality ... Nov. *79
Private labels climb into key marketing positions ... July *52
Quick tenderizing process challenge to packers ... Apr. *120
Switch to pictorial packages sets off sales boom ... Jan. *74
Tailor-made milk protein solids are versatile product improvers ... July *78
Technologists create foods for air- and space-men ... Mar. *50
10-M-potent way to boost profits ... May *41
Whither fresh milk concentrates? ... July *46
Ziemba, J.V. & B.B. Bryan – How to cut your accidents in half ... Sept. *55
Management makes safety programs click ... Jan. 56
Ziemba, J.V. & Wayne Fornea – 5,250 shrimp an hour ... July *80
Ziemba, J.V. & I.H. "Jack" Morgan – Sharper scheduling and handling perk up line performance ... Apr. *90
Ziemba, J.V. & A.F. Murch – Improves concentrating 3 ways ... Nov. *81
Ziemba, J.V. & Gene Syverson – Inland cashes in with streamlined instrumentation ... Aug. *74
Zuckerman, S. – Timely tips on using FD&C colors ... Aug. *88
